The Last Day Jackie Pittman,2003-11 A breakthrough book affecting the scientific, religious and literary communities, The Egyptian Origin Of Christianity is a comprehensive look at the history of religion through the eyes of the Literary Canon. As a culmination of years of research, this book fills the gaps between modern and ancient religious thought, providing is with the most valuable view of the Egyptian religion to date when compared with The Bible and other classic literature. No other book has explored so well the origins of modern theology. This is done not only in terms of language, but also in terms of education, cosmology, physical symbolism, and tradition. As the first book to, in a scientifically sound way, challenge the ecumenical system, The Egyptian Origin Of Christianity represents the fulfillment of strategy that calls for a comprehensive shift in the way religion is presently understood. This book will be used for the global restructuring of textbooks everywhere on religious history. —Jessica Jannicelli, Editor, Humana Press Bargeman's text illustrates many interesting parallels between Christianity and Egyptology. The Egyptian Origin Of Christianity is a fascinating and scholarly sourcebook for those interested in either Egyptology or religious scholarship. —Adrienne Howell, Writer/Editor, Connectivity

A Fork in the Road D. D. Hulse, 2009-08 In my travels across the country, the question asked most frequently is how I went from being a fundamentalist preacher to being a developer of healing techniques using tuning forks. This book is the story of that journey. I feel honored yet humbled to be among those rising to the call to facilitate the new 5th Dimensional energy coming into our third dimensional time/space continuum. Come with me as we journey step by step through my search for answers. After looking at what I refer to in this book as my Fork in the Road, a new truth was born - a truth that provides answers for the Spirit, Mind, and Body. I will share information concerning self-healing using sound, vibration, and frequencies that can clear, cleanse, balance, and focus our lives in all its forms. The ancient Solfeggio frequencies are part of a process that can assist us in creating the possibility of lives without stress, illness, and sickness. Together we will go to the cutting edge of scientific discoveries regarding sound and healing. This book is also a call for Lightworkers to gather in this crucial time of change and transformation on the planet. Join me and others who do not live in fear of the future. Just tune your inner ear and listen to these wonderful new ideas as I share the techniques of working with sound and, more specifically, the Solfeggio tuning forks. My hope is that we can all find the harmonics of our own individual music, and that through this process we will be enabled to live balanced lives.

Numbered Tamera Fisher, 2011-06 One out of every five verses includes a number, and oftentimes numbers in Scripture are overlooked or ignored for lack of understanding. This is especially true of symbolic passages such as those describing the twelve spies of Israel, the Good Samaritan, and the forty-two months of tribulation. So how should one interpret these numbers? Literally or figuratively? How about mathematically? Pythagorean math-the process by which all numbers are

reduced to one of the first nine digits-is often attributed to the Greek mathematician Pythagoras, but there is evidence within the Bible that it may have originated from God and even been used by Daniel. By examining the Pythagorean numbers associated with numbers in the Bible and the Hebrew and Greek words they were translated from, new author Tamera Fisher offers a better understanding of the messages hidden within the most common Bible stories. *Numbered: Using Pythagorean Math to Understand Scriptures* is a foundation for further studies of the meanings of symbolism in Scripture. Use this tool to thoroughly investigate the Scriptures and share your discoveries as validation of the authorship of the Word with those around you.

Vibrations Yvonne J. Henderson, 2019-07-29 The human body is a multi-dimensional energy system that requires vibrational healing from the living energy within foods, water, sunlight, crystals, plants, sounds, other humans, animals and various forms of homeopathic approaches. In this book we will be looking at how the body constitutes the very elements from which the universe is made. This is done to better understand how to take the necessary steps towards health improvement and conscious living. Use it to help regain the power that our Creator fully intended for us in enabling healthier fulfilling lives. It is not too late to start adapting to positive lifestyle changes because once your health is lost nothing else matters. Being passionate about health and that of others, has caused the author to become more focused on preventative medicine which will enable mankind to become more awakened, conscious and embrace this very important understanding. Preventative medicine is described as 'measures taken to prevent diseases, rather than curing them or treating their symptoms' therefore I urge you to become intimately acquainted with this information which include positive mental, emotional and spiritual outlook and consider it the best investment in energy you will ever make.

Soul Revolution - Trinity of Humanity Dr. Shmuel Asher, 2016-05-31 Where the Land of MEAT & Honey proved religions falsities, opened long-hidden truths and taught how to make the much needed physical and soul return trip to our Creator; SOUL Revolution combines new and amazing findings from our modern sciences with our many ancient stories, myths, and superstition narratives, and weaves the many parallels between them. Finally reconciling both the ancient and modern back together to provide a panoramic view of WHO our souls truly are; WHERE we are; WHY we are truly here within this physical existence; WHAT this physical existence actually is; WHO it is that has and continues to control us physically and spiritually by their evil stream of consciousness, and HOW they thwart our souls return back to our true Creator!

Momster, How to Survive A Stolen Childhood Oscar Knight, 2010-06-11 This book is a labor of love written by the child of a mother with narcissistic personality disorder. It recounts the nightmarish childhood with no available assistance. It calls attention to the lies, the manipulation and the abuse an NPD parent uses to degrade and humiliate their own children while escaping detection from doctors, lawyers, judges, psychologists and social workers. Affecting one percent of the population, this disease is a societal epidemic that repeats from parent to child. It is time to attack the ignorance and apathy that allow the cycles of abuse and neglect to flourish under the very eye of society charged with protecting the victims—the children. This book contains hope for all people born to NPD parents. It is the story of one person's journey to rebuild self worth through education, prayer and positivity. A must read for anyone raised in the shadow of NPD.
