Number the Stars Lois Lowry, 1989-04-24 The unforgettable Newbery Medal-winning novel from Lois Lowry. As the German troops begin their campaign to relocate all the Jews of Denmark, Annemarie Johansen's family takes in Annemarie's best friend, Ellen Rosen, and conceals her as part of the family. Through the eyes of ten-year-old Annemarie, we watch as the Danish Resistance smuggles almost the entire Jewish population of Denmark, nearly seven thousand people, across the sea to Sweden. The heroism of an entire nation reminds us that there was pride and human decency in the world even during a time of terror and war. A modern classic of historical fiction, *Number the Stars* has won generations of fans and continues to speak to today's readers. Jessica Grose wrote in a November 2022 New York Times essay entitled *This Perfect Mother-Daughter Read Holds a Powerful Lesson for Fighting Antisemitism*: "Number the Stars is particularly relevant to our family, and to this moment. As School Library Journal put it: Readers are taken to the very heart of Annemarie's experience, and, through her eyes, come to understand the true meaning of bravery."

Tolerance Discourse and Young Adult Holocaust Literature Rachel Dean-Ruzicka, 2016-11-25 What, exactly, does one mean when idealizing tolerance as a solution to cultural conflict? This book examines a wide range of young adult texts, both fiction and memoir, representing the experiences of young adults during WWII and the Holocaust. Author Rachel Dean-Ruzicka argues for a progressive reading of this literature. *Tolerance Discourse and Young Adult Holocaust Literature* contests the modern discourse of tolerance, encouraging educators and readers to more deeply engage with difference and identity when studying Holocaust texts. Young adult Holocaust literature is an important nexus for examining issues of identity and difference because it directly confronts systems of power, privilege, and personhood. The text delves into the wealth of material available and examines over forty books written for young readers on the Holocaust and, in the last chapter, neo-Nazism. The book also looks at representations of non-Jewish victims, such as the Romani, the disabled, and homosexuals. In addition to critical analysis of the texts, each chapter reads the discourses of tolerance and cosmopolitanism against present-day cultural contexts: ongoing debates regarding multicultural education, gay and lesbian rights, and neo-Nazi activities. The book addresses essential questions of tolerance and toleration that have not been otherwise considered in Holocaust studies or cultural studies of children's literature.
