The Art of Living Foundation Stephen Jacobs, 2016-03-09 The Hindu-derived meditation movement, The Art of Living (AOL), founded in 1981 by Sri Sri Ravi Shankar in Bangalore, has grown into a global organization which claims presence in more than 150 countries. Stephen Jacobs presents the first comprehensive study of AOL as an important transnational movement and an alternative global spirituality. Exploring the nature and characteristics of spirituality in the contemporary global context, Jacobs considers whether alternative spiritualities are primarily concerned with individual wellbeing and can simply be regarded as another consumer product. The book concludes that involvement in movements such as AOL is not necessarily narcissistic but can foster a sense of community and inspire altruistic activity.

Wisdom of Sri Sri Ravi Shankar Ed. Karishma Bajaj, 2016-01-01 You don't have to wake up at 4 o'clock and do practice, no. You do it when you're complete with your sleep. Don't strain yourself. Your inner connection can only happen when you are relaxed, not if you're tense. --- Be like a child, unassuming, knowing the more you know there is so much more to be known. Knowing only leads to awareness that you do not know so much more. That brings humility I'm saying? --- Take past as a lesson, and see what you can do in the future. That is why we should take past as destiny and future as free will, that is intelligence. --- World peace comes with individual peace. If individuals become peaceful, communities become peaceful, then the leaders of the world will also become peaceful, and we can have world peace. We need to spiritualize the politics, socialize the business and secularize the religion. --- There is no doubt that you need some money for your day-to-day survival. But money cannot buy you happiness. It's knowledge or wisdom that brings you happiness. --- When you make a new mistake, it is not a mistake; you have learnt a valuable lesson. But when you keep doing the same mistake over and over, it is a BIG mistake. --- If you have to get angry, get angry at bigger things, not the small usual mundane stuff. Get angry at corruption in the system and injustice happening around you. Everyone should speak out against corruption. --- Ego is feeling uncomfortable in the presence of someone else. Self-confidence is, feeling at home. Being natural is antidote to ego, and being natural is so complementary to confidence. It goes with confidence and is inseparable from confidence. --- The test of your peace is only when there are obstacles. Be thankful to obstacles. --- Take the Challenge. Whenever someone is nasty towards you, do something so nice that it takes him by surprise. --- If anyone any time feels lonely, depressed, unhappy or sad, just remember that you are not alone. --- Trust in yourself. Have faith in your choice of actions and the path you would be

following. If you don't trust yourself, how can you trust the Master? --- Misunderstandings happen on this planet because of distance, because there is no closeness, no one ever 'sits next to' the other. In one house, people live on different planets. In a town, people live in different galaxies.

BAAZGASHT:Echoes of Words and Silence Dr. Krishnendu Chatterjee,2025-08-18 Some feelings are never returned — but they return you to yourself. Baazgasht is a homecoming — a return to breath after silence, to peace after ache, to the self after love goes unanswered. These poems aren't about someone else; they're about what the poet felt, imagined, broke over, and healed from. Written not to impress, but to express the quiet ache of unspoken love and the strength of letting go without blame. For anyone who has loved without being loved back, or faced the edge of surrender and self-respect, Baazgasht offers a companion in solitude, reminding us that healing is a journey. The poet didn't write to move on — but to move through. And in doing so, he came home to his heart.

VOYAGE - OFFSHORE PIONEERING TO SUBJECTIVE REALITY and PRASANTHI NATESAN RAMALINGAM IYER,2021-12-30 This is the author's third book. His first book, Adventures in Three Worlds, is a recollection of the events that happened in the author's life and the lessons he learned. The second book, A Path to Discover, is like a treatise on the world's reaction to the coronavirus, which people are still going through, one wave after another with new variants. This book, Voyage – Offshore Pioneering to Subjective Reality & Prasanthi, starts with the early days of Mumbai High development and goes on to discuss indigenization, where the oil and gas industry is heading versus renewable, and increased risk service providers are subjected to with the industry. The author then narrates his transition from the offshore oil and gas industry to 'Subjective Reality, Sanatana Dharma and Peace' in sunset years. He reminds of Adi Shankara's teaching, 'a duty-based life' and not 'a right based society'. The author concludes by suggesting the importance of spending time each day alone in silence to create an inner connection. Silence is a form of peace in every situation of life and has a meaning. Whether it is a slow period of life, a loss of a relationship or a loss of life, the silence it brings along has a purpose. The purpose is to understand life. Most people wake up to their day purposeless just to become a part of the race. When the period of silence comes into their life, they break down very easily because they never spent that much needed time to have a realization of the true meaning of life.

The Art of Abundance Dennis Merritt Jones,2018-07-31 A life of wholeness and purpose are well within our reach--The Art of Abundance outlines ten rules, or practices, that lay the foundation for a life worth living. Whether we're striving for a new job, a higher salary, or a stronger relationship, Dennis Merritt Jones explains in The Art of Abundance that we all essentially want the same things: freedom, inner peace, and a life filled with purpose and meaning. He shows that a life of wholeness and peaceful satisfaction is readily available to us--we just need the eyes to see it and the faith to claim it. The

problem is that most people don't know where to look for such a life. This book will help readers open their eyes to the limitless abundance that lies waiting just beyond their current belief system. In *The Art of Abundance*, Jones identifies ten rules, or practices that, when followed faithfully, lay the foundation for a life worth living. In order to make each rule as easy to apply as possible, Jones lays out the premise, the problem, the principle, the practice, and the payoff of each. These practices assist readers in creating a greater flow of goodness into their lives--in ways they may have never considered.

Rise and Grind Daymond John, Daniel Paisner, 2018-01-23 New York Times bestselling author of *The Power of Broke* and *Shark* on ABC's hit show *Shark Tank* explores how grit, persistence, and good old-fashioned hard work are the backbone of every successful business and individual, and inspires readers to Rise & Grind their way the top. Daymond John knows what it means to push yourself hard--and he also knows how spectacularly a killer work ethic can pay off. As a young man, he founded a modest line of clothing on a \$40 budget by hand-sewing hats between his shifts at Red Lobster. Today, his brand FUBU has over \$6 billion in sales. Convenient though it might be to believe that you can shortcut your way to the top, says John, the truth is that if you want to get and stay ahead, you need to put in the work. You need to out-think, out-hustle, and out-perform everyone around you. You've got to rise and grind every day. In the anticipated follow-up to the bestselling *The Power of Broke*, Daymond takes an up close look at the hard-charging routines and winning secrets of individuals who have risen to the challenges in their lives and grinded their way to the very tops of their fields. Along the way, he also reveals how grit and persistence both helped him overcome the obstacles he has faced in life and ultimately fueled his success.

The traveler (Operosus) garnered profound wisdom and knowledge which he has graciously shared in this book.

Seed 8: Beware of THIS Aasuric Culture Maanoj Rakhit, 2009-09 It is they who dumped on us their brand of cheap morality and turned us into Asurs like themselves. This is not acceptable. They can live in their own house and do whatever they feel like but they have certainly no right to sneak into our houses and teach our children their lowly ways. We have a right to know their true characters, and where they have brought us within a matter of one and half a century. We have the right to know what we were without their company, and how low we have sunk being in their company.

Hindu Prayers, Gods and Festivals Tumuluru Kamal Kumar,2015-04-21 This book is an introduction to Hindu Gods and the symbolism behind each God. The pictures of the Gods are included along with some of the prayers. It covers the more commonly worshipped Gods. In India we have many religious festivals of which the main ones are covered in the book. Some of these are in particular seasons or coincide with the harvest of crops, whereas others are celebrated either for the birth of an avatar or a god or for his victory over a demon. This book basically attempts to provide a basic exposure to the Indian gods and festivals. It is not meant to be a treatise and has been written in particular for Indians settled overseas.
