Juan David Almeyda

**Intimacy** María Elisa Molina, Carlos Cornejo, Giuseppina Marsico, Jaan Valsiner, 2022-04-01 The concept of intimacy puts forth important challenges to contemporary cultural psychology. Intimacy refers to a felt experience of interiority that although is intuitively comprehensible, does not have rigorously defined limits. Intimacy can refer to a content, an object, a person, ownership, or even a part of one's own body. A potentially problematic issue for cultural psychology is that acknowledging intimacy seems to bind the Self to areas disjointed from the social sphere. In a globalized world, we witness a developmental process where social life becomes sectioned, where people are involved in an identity search by foregrounding certain social roles. With this backdrop in mind, people redefine and rebuild their intimacy spaces and the ways they roam from these to the public and collective realm. Exploring the current historical situation leads us to consider intimacy as culture in the making; certainly, in the way it manifests itself, but particularly in how we approach and understand it. The lived (experienced) dimension of intimacy becomes truly important, since it casts new light on what we mean by intimacy in different spheres of the self's life, as well as life with others.

**The Unconscious in Neuroscience and Psychoanalysis** Marco Máximo Balzarini, 2024-04-22 The Unconscious in Neuroscience and Psychoanalysis presents a unique and provocative approach to the assimilation of these two disciplines while offering a thorough assessment of the unconscious from a neuropsychoanalytic and Lacanian perspective. Marco Máximo Balzarini offers a comprehensive overview of Freud's theory of the unconscious and its importance within psychoanalysis, before looking to how it has been integrated into contemporary neuropsychoanalytic work. Paying close attention to the field-defining work of neuropsychoanalysts such as Mark Solms, Francois Ansermet, and Pierre Magistretti, Balzarini considers the dichotomy between neuroscience and psychoanalysis, and the omnipresent debate on if and how they should be integrated when working with the unconscious. Throughout, he provides a fascinating Lacanian interpretation, showing how the work of Lacan can offer a new way of developing the dialogue and understanding around this vital topic. Part of the Routledge Neuropsychoanalysis Series, this book will be of interest to any psychoanalyst seeking to explore the foundations of the relationship between neuropsychoanalytic and Lacanian ideas in their clinical and theoretical work.

*Collected Papers on Inner Speech* Pablo Fossa, Matías Barros, 2024-04-01 Inner Speech is an increasingly relevant object of study in psychology research. In recent decades, interest in the study of inner language has even transcended the

psychological sciences and has become an interdisciplinary and transdisciplinary study phenomenon. Philosophers, anthropologists, psychologists, educators, and neuroscientists have joined efforts to learn more about this everyday experience inherent in human nature. Specifically, in psychology, the study of Inner Speech has been taken up by cognitive psychologists, cultural psychologists, developmental psychologists, clinical psychologists, and educational psychologists who have ventured into the study of this intimate experience of talking to ourselves in silence. This book is a compilation of work on Inner Speech that has been carried out by the research team of the Cognition & Culture Laboratory (C&C Lab) of the Institute of SocioEmotional Well-being (IBEM) of the Faculty of Psychology of the Universidad del Desarrollo, Chile, for more than a decade. Throughout this book, readers will be able to approach the phenomenon of Inner Speech both at a theoretical-conceptual level and will also be able to learn about some strategies for its empirical exploration. It's worth mentioning that the works presented in this book constitute only a personal collection of theoretical elaborations and methodological approaches to Inner speech, and not the full spectrum of currently existing research on Inner Speech. The objective of this compilation of articles is to position our line of research and present, in an organized manner, the evolution of our exploration of the phenomenon to the international research program on Inner Speech. More than closing a stage, our mission is to show the progress that we have developed for more than a decade regarding the study of Inner Speech, hoping in this way to open new questions, dialogues and methodological challenges in the international academic community.

**Contemporary Challenges for Global Catholicism** La Civiltà Cattolica,2022-03-10 A collection of 15 articles from the June 2021 edition of La Civiltà Cattolica, the highly respected and oldest Catholic journal published from Rome. Forging our Culture: Ignatius, Luther, Charles V and Magellan in the year 1521 by Giancarlo Pani considers how a number of events in the sixteenth century collectively propelled Europe into the Modern Age. Ignatius of Loyola's devotion to St Peter is well-known, Pedro de Leturia asks what aspects of his spirituality are clearly inspired by St. Francis of Assisi? With over 70 per cent of the world's Catholics now living outside Europe and North America, the Catholic Church is truly a global Church. However, it faces many challenges. Thomas P Rausch, a theologian at Loyola Marymount University in USA, summarized the issues. In Jacob and Esau Embrace: An Orthodox Rabbinic Declaration on Christianity Drew Christiansen argues that, in an age of secularization, Jews and Christians should bear witness in a special way to God's holiness and his intrinsic link with the moral life. Cristian Peralta reflects whether the lack of certainty we are experiencing during the is pandemic something new and what are the certainties on which to build a sustainable future? Theological and Anthropological Consequences of Environmental Damage. An African reflects by Wilfred Sumani reminds us how nature conservation should be promoted not only for the sake of economic sustainability, but also for its theological and anthropological importance.

*La agonía del pensamiento romántico* Félix Martínez Bonati,2004

*Alternative Communities in Hispanic Literature and Culture* Luis H. Castañeda,Javier González,2016-09-23 What are

Hispanic alternative communities and how are they represented in literature, film, and popular music? This book studies the fictional representation of circles of artists and intellectuals, youth gangs, musical bands, packs of marginal urban dwellers, groups of immigrants, and other diverse associations that share the common trait of being small and subversive collectives, perhaps akin to secret societies plotting to take control of society. These groups usually exist within a larger and established community – typically, the nation-state – though maintaining with it complicated relations of rivalry, criticism, outright violence, and other forms of antagonism. Thus “alternative communities” represent the “other side” of official institutions, by constituting dystopias that condemn the status quo, or by building utopias that point to new social arrangements. In the Hispanic world – a broad, transatlantic space that includes Spain and Spanish America – alternative communities have existed since the 19th century, a time of nation-building for Spanish American countries, all the way to the 21st century, when hybrid, postnational, and cosmopolitan communities begin to appear. The seventeen chapters brought together in this volume, which constitutes the first systematic approach to Hispanic alternative communities, tackle this complex cultural phenomenon from diverse critical perspectives.

*Sobre el amor en tiempos incrédulos* Ángel Barahona, 2023-04-25 Familias rotas, divorcios, adicciones, pornografía, cuestiones de género. Donde se mire encontramos cada vez más confusión sobre las verdades fundamentales de la vida humana. A medida que perdemos nuestra comprensión básica de los significados del hombre, la mujer, el matrimonio y el sexo, surge la pregunta: ¿por qué el amor entre el hombre y la mujer es tan atractivo y escurridizo, desordenado y hermoso, exigente y gratificante, enloquecedor y satisfactorio, restrictivo y liberador? El mundo está saturado de sexo, pero hambriento de amor. ¿Qué podemos hacer? Ángel Barahona ofrece una visión convincente de las profundas enseñanzas de la Biblia y de encíclicas como las de san Juan Pablo II, Benedicto XVI y Francisco sobre el amor humano y divino. Este libro explora estas y muchas otras cuestiones para orientar hacia el amor que satisface. Quienes presten a las enseñanzas cristianas la atención que merecen descubrirán que tienen una visión del amor sexual mucho más gloriosa que cualquier cosa que Simone de Beauvoir, Sigmund Freud, E.L. James o un usuario de Tinder pudieran imaginar. ¿Dudas? Este libro le hará creyente.

Post-Truth Raúl Linares-Peralta, Juan Antonio Nicolás, 2024-07-29 In an era where misinformation proliferates across various channels, this collection of essays emerges as a vital resource for understanding and addressing this complex phenomenon. Stemming from the International Congress of Post-truth held in Granada, this anthology features contributions from scholars and practitioners spanning communication, politics, technology, philosophy, history, law, and education. Through interdisciplinary dialogue, the collection navigates the intricacies of post-truth, exploring its sociocultural, technological, and epistemological dimensions. With chapters organized into distinct sections, readers delve into the intersections and differences between a wide range of disciplines. Assembled with expertise and rigor, this anthology

provides insights into the challenges of our post-truth age and underscores the importance of collaborative efforts in promoting truth-oriented discourse. Aimed at researchers, policymakers, educators, and media professionals, this volume serves as a cornerstone for ongoing dialogue and action in confronting the complexities of post-truth in today's society.

**Hacia una ética del jardín.** Juan David Almeyda,2023-08-15 Esta obra es un análisis, una búsqueda por los sentidos más profundos de las afirmaciones de Byung-Chul Han, con toques críticos, que le otorgan al libro un valor propio, autónomo si se quiere, en relación con los textos del filósofo coreano. Para llegar a ese nivel de análisis crítico, el autor hace gala de su rigor conceptual y del dominio de las fuentes (primarias y secundarias). Lo anterior da cuenta de un excelente lector, que va más allá de Han y del respeto riguroso de los protocolos propios de la investigación documental.

**Byun-Chul Han** María Clara Garavito,Germán Bula,2020-08-13 Transitamos por tiempos inciertos: a la par que sufrimos diversos desastres naturales asistimos a un ominoso medrar del estado de vigilancia, a un creciente malestar psíquico difícil de precisar, a una pérdida progresiva de sabiduría y saber-vivir, a una maquinización de lo humano que amenaza con hacerse absoluta, y a un ambiente mediático caracterizado por la manipulación y la sobresaturación de información. Es este un tiempo que clama por un diagnóstico y por un camino hacia adelante. Por ello es pertinente revisar la obra de Byung-Chul Han (de la cual este texto sirve como presentación), quien, a través de las categorías centrales de positividad y negatividad, propone un hilo conductor. Más allá del diagnóstico sombrío, los ensayos de este libro proponen prácticas y lineamientos en la política y la educación, encaminados a recuperar la escucha, la contemplación, la negatividad sin la cual la permanente aceleración de actividades e información del mundo moderno, inundado de positividad, amenaza con consumirnos.

**Por favor, cierra los ojos** Byung-Chul Han,2016-10-24 Hoy día, el exceso de información, de transparencia y de rendimiento nos ha conducido a un tiempo incapaz de callar ni de concluir ningún proceso, un tiempo que ya no exhala ningún aroma. Pero el pensamiento no es posible sin silencio. Para poder pensar y concluir, hay que poder cerrar los ojos y contemplar. Hoy es necesaria una evolución del tiempo, que produzca otro tiempo, un tiempo del otro, que no sería el del trabajo, una revolución del tiempo que devuelva a este su aroma.

**El proceso de convertirse en persona autónoma** Manuel Villegas,2015-03-23 ¿Por qué distintas personas se comportan de modos tan diferentes ante una misma situación? ¿Por qué algunas se deprimen, otras reaccionan agresivamente y en cambio otras salen fortalecidas ante las adversidades de la vida? ¿Por qué algunas personas se recluyen en casa por miedo, mientras que otras necesitan huir? ¿Por qué el amor deriva a veces en dependencia o en violencia? ¿Por qué algunas personas sufren por no sufrir y otras no viven por miedo a morir? Estas y otras muchas preguntas encuentran respuesta en este libro a partir de la concepción del malestar psicológico como resultado de restricciones internas o externas de la libertad, bajo la forma de vergüenza, miedos, dependencias, culpas, obsesiones, impulsos o compulsiones. El ser humano no puede evitar los conflictos propios de la existencia humana, pero puede asumir una actitud responsable frente

a ellos, aprendiendo a gestionarlos por sí mismo desde la autonomía. Con un lenguaje adaptado al lector no especializado, este libro pretende convertirse en un manual de psico(pato)logía y psicoterapia al alcance de todos los públicos, entendida como el desarrollo de la autonomía psicológica, desde la infancia y la adolescencia hasta la edad adulta.

*Animales enfermos* Diana Aurenque Stephan,2022-04-01 En vez de una obra de erudición filosófica o un manual filosófico, este libro busca llegar no solo a los expertos o iniciados en la disciplina, sino que quiere ser comprensible por todo aquel que se aventure a comprenderse como “animal enfermo” —como nos tituló Friedrich Nietzsche. Si bien este estudio quiere profundizar en esa especial “enfermedad” que somos, esa incapacidad-capacidad que tenemos de jamás contentarnos con el mero vivir, veremos que gracias a ese cuestionamiento existencial podemos ser lo que somos: animales éticos, técnicos, amorosos y, también, por cierto, filosóficos. Justamente porque nacimos carentes de un sentido natural o divino dado de antemano, somos la maravillosa posibilidad de transformación y resignificación. Un maravilloso “animal enfermo” que sabe ser “sano” de una y mil formas; una y mil veces. A lo largo del libro se abordarán una serie de temas de enorme relevancia para la vida —salud y enfermedad, tragedia y sufrimiento, ética y dietética, medicina y terapia, naturaleza y optimización, cuerpos sanos, enfermos y envejecidos, vida y muerte, o incluso, la extraordinaria enfermedad del amor—.evidenciando su doble naturaleza médico-filosófica.

**Hiperculturalidad** Byung-Chul Han,2018-05-14 La globalización, acelerada por las nuevas tecnologías, acerca los espacios culturales entre sí y genera un cúmulo de prácticas sociales y formas de expresión. Esto tiene un efecto aglutinante en el campo cultural: los contenidos culturales heterogéneos se superponen y se atraviesan. Sus límites o fronteras, cuyas formas están determinadas por un aura de autenticidad, se disuelven. Así, las culturas se liberan de todas las costuras, limitaciones o hendiduras y se abren paso hacia una hipercultura: tienen que proceder a su desfactificación para volverse genuinamente culturales, hiperculturales. En esta obra, Byung-Chul Han utiliza el concepto teórico de hiperculturalidad para distinguirlo de los conceptos normativos y mal empleados en el debate actual como multiculturalidad y transculturalidad. A través del pensamiento de diversos filósofos modernos y contemporáneos, el presente libro discute la idea cambiante de cultura y muestra hasta qué punto es necesaria y posible una orientación del todo diferente del mundo que habitamos. ¿Vivimos finalmente en una cultura que nos da la libertad de dispersarnos como alegres turistas por todo el mundo? Si así fuese, ¿estamos asimilando bien este cambio de paradigma?

*Leyendo a Freud desde un diván lacaniano* Osvaldo Delgado,2021-04-05 Leyendo a Freud desde un diván lacaniano, es el título que precipita como consecuencia de la posición de su autor, de su posición ética. No hay otra forma posible para él. aA partir de este título, los textos que integran este libro se nos presentan, advertirán queridos lectores, como piezas sueltas que engarzan finalmente en un conjunto epistémico y político por el cual nosvamos deslizando hasta quedar un poco agujoneados, conmovidos, por la profundidad, valentía y agudeza de su pluma. Una experiencia de lectura que nos lleva por

distintas zonas, donde cada una abre nuevas ventanas del hermoso edificio psicoanalítico que Osvaldo construyó. Este es un libro para un lector deseante, para escribir en sus márgenes, para construirlo junto con su autor. Quienes lo lean se encontrarán con reflexiones, elucidaciones teóricas, trazos clínicos, y con las preguntas de alguien que ha dedicado su vida al psicoanálisis y a su transmisión. Del Prólogo de MARIANA GÓMEZ .

*Orgullo de madre* María Calvo Charro,2024-02-01 Ser madre nunca ha sido fácil. Los hijos casi siempre son inoportunos y llegan para desbaratar y poner patas arriba nuestra planificada vida personal y profesional. Convivir con una criatura así no es fácil, por mucho amor que se ponga. Además, tener hijos y cuidarlos con amor colisiona con el desarrollo personal y la autorrealización que exige nuestra sociedad enferma. Nada prepara para ser madre, pero ser madre prepara para todo. Urge maternizar esta sociedad tan erosionada, y solo pueden hacerlo las mujeres. Pero para ello deben amarse a sí mismas, amar la vida y convertir la culpa de ser madre en el orgullo de serlo.

**Palos en las ruedas** Luis Raimundo Guerra Cid,2019-06-19 El oficio de vivir implica habitualmente sufrir episodios traumáticos, los cuales pueden ser puntuales o bien desarrollarse a lo largo de un cierto periodo de tiempo. Vivimos en una sociedad que exige soluciones inmediatas, cosa que no contribuye a la recuperación del trauma. Al contrario, sobreponerse a este comporta, como mínimo, un conocimiento profundo de nuestra identidad y de la influencia que ejercen sobre nosotros los demás, como individuos y como sociedad. En ocasiones quien traumatiza no tiene conciencia de ello; otras veces el daño se hace adrede y manipulando. El libro que tiene en sus manos ofrece una perspectiva comprometida sobre las personas que traumatizan y sobre la importancia de lo social de cara a su superación o a conmocionarnos todavía más. Con un lenguaje divulgativo y en comunicación continua con el lector, el autor aporta precisas explicaciones teóricas, así como interesantes discusiones a través de casos clínicos, series actuales, literatura y películas. Recuperarse de lo traumático y de sus efectos es posible, pero para ello es necesario romper tabúes y vencer trampas como la búsqueda superficial de la felicidad, la actitud engañosamente positiva ante la realidad, el refugio en relaciones que entorpecen más que ayudan o la virtualización de lo real propuesta por las redes sociales y los medios de comunicación.

Maternidades virtuosas. Unha crítica aos modelos profesionais de crianza María do Cebreiro Rábade Villar,2022-09-15 Premio Ramón Piñeiro de Ensaio 2021 Na sociedade actual a maternidade concíbese como un extenso campo simbólico, a miúdo moi polarizado, que vén disparando un inxente corpus de producción verbal, que aquí denominamos “xiro discursivo da maternidade”. Esta mudanza non podería entenderse sen a perda da transmisión directa da experiencia de ser nai, acrecentada por dous feitos de alta incidencia en Galicia: o decrecimiento progresivo da natalidade e o atraso da idade á que as mulleres teñen o seu primeiro fillo. Estes factores contribúen a explicar a transferencia dunha serie de modelos extraídos do mundo do traballo no réxime neoliberal ás tarefas da crianza. Explorar os novos dispositivos parentais, e as súas implicacións colectivas, é o principal obxectivo deste ensaio, que entra en diálogo con clásicos da literatura feminista, ao

tempo que tenta explorar os límites da dimensión confesional do xénero.

Ser adolescente Ricardo Fandiño Pascual, Vanessa Rodríguez Pousada, 2021-11-29 Antes de que la pandemia a causa de la COVID-19 apareciera en nuestras vidas, los adolescentes contemporáneos ya parecían vivir en un escenario postapocalíptico en el que ellos representan la nueva normalidad social. Atrapados en una etapa que en otro tiempo era de tránsito, la salida de la adolescencia se ha convertido en una nueva Ítaca. Las caracteropatías en la adolescencia desafían hoy la lógica del continuo normalidad-patología para abrir un interrogante sobre la construcción de la identidad, cuando el binarismo ha estallado en mil pedazos y el cuerpo ha sido desplazado como lugar de la experiencia por un mundo virtual. El trabajo con el adolescente contemporáneo se nos presenta como un gran desafío y un enigma por resolver.

**Islam y modernidad** Manuel Žižek, 2015-04-13 Un ensayo provocador y que aporta perspectivas novedosas sobre las bases y las paradojas del conflicto entre Occidente e Islam, abordando temas espinosos como los ataques terroristas en París o el papel de la mujer en las dos culturas. Ahora, cuando todos nos encontramos en estado de shock tras las matanzas en París, es el momento justo de reunir el coraje de pensar. Según Žižek, las manifestaciones apasionadas generadas por estos hechos implican en el fondo un acercamiento de la sociedad a las fuerzas de orden y control. La amenaza terrorista triunfaba así al lograr lo imposible: reconciliar a los revolucionarios del 68 con su peor enemigo, con el pueblo ofreciéndose a sí mismo para tareas de vigilancia. Ahora bien, —se pregunta Žižek— ¿cómo hemos llegado a este punto? ¿Qué es lo que ensombrecen tales acontecimientos? Žižek trata en este ensayo cuestiones espinosas como el fundamentalismo religioso y el Occidente moderno, la libertad y la tolerancia, el papel de la mujer en el islam y en Occidente, sirviéndose, como es habitual en sus ensayos, de la teoría psicoanalítica lacaniana para su análisis de la política internacional y de la identidad de las comunidades religiosas.
