Indian Film Stars Michael Lawrence, 2020-05-28 Indian Film Stars offers original insights and important reappraisals of film stardom in India from the early talkie era of the 1930s to the contemporary period of global blockbusters. The collection represents a substantial intervention to our understanding of the development of film star cultures in India during the 20th and 21st centuries. The contributors seek to inspire and inform further inquiries into the histories of film stardom—the industrial construction and promotion of star personalities, the actual labouring and imagined lifestyles of professional stars, the stars' relationship to specific aesthetic cinematic conventions (such as frontality and song-dance) and production technologies (such as the play-back system and post-synchronization), and audiences' investment in and devotion to specific star bodies—across the country's multiple centres of film production and across the overlapping (and increasingly international) zones of the films' distribution and reception. The star images, star bodies and star careers discussed are examined in relation to a wide range of issues, including the negotiation and contestation of tradition and modernity, the embodiment and articulation of both Indian and non-Indian values and vogues; the representation of gender and sexuality, of race and ethnicity, and of cosmopolitan mobility and transnational migration; innovations and conventions in performance style; the construction and transformation of public persona; the star's association with film studios and the mainstream media; the star's relationship with historical, political and cultural change and memory; and the star's meaning and value for specific (including marginalised) sectors of the audience.

Unbored Joshua Glenn, Elizabeth Foy Larsen, 2013-07-18 Unbored is the book every modern child needs. Brilliantly walking the line between cool and constructive, it's crammed with activities that are not only fun and doable but that also get kids standing on their own two feet. If you're a kid, you can: -- Build a tipi or an igloo -- Learn to knit -- Take stuff apart and fix it -- Find out how to be constructively critical -- Film a stop-action movie or edit your own music -- Do parkour like James Bond -- Make a little house for a mouse from lollipop sticks -- Be independent! Catch a bus solo or cook yourself lunch -- Make a fake exhaust for your bike so it sounds like you're revving up a motorcycle -- Design a board game -- Go camping (or glamping) -- Plan a road trip -- Get proactive and support the causes you care about -- Develop your taste and decorate your

own room -- Make a rocket from a coke bottle -- Play farting games There are gross facts and fascinating stories, reports on what stuff is like (home schooling, working in an office...), Q&As with inspiring grown-ups, extracts from classic novels, lists of useful resources and best ever lists like the top clean rap songs, stop-motion movies or books about rebellion. Just as kids begin to disappear into their screens, here is a book that encourages them to use those tech skills to be creative, try new things and change the world. And it gets parents to join in. Unbored is fully illustrated, easy to use and appealing to young and old, girl and boy. Parents will be comforted by its anti-perfectionist spirit and humour. Kids will just think it's brilliant.

Routledge Handbook of Contemporary India Knut A. Jacobsen, 2015-08-11 A second, revised edition of this title is available at <https://www.routledge.com/Routledge-Handbook-of-Contemporary-India/Jacobsen/p/book/9781032244068> India is the second largest country in the world with regard to population, the world's largest democracy and by far the largest country in South Asia, and one of the most diverse and pluralistic nations in the world in terms of official languages, cultures, religions and social identities. Indians have for centuries exchanged ideas with other cultures globally and some traditions have been transformed in those transnational and transcultural encounters and become successful innovations with an extraordinary global popularity. India is an emerging global power in terms of economy, but in spite of India's impressive economic growth over the last decades, some of the most serious problems of Indian society such as poverty, repression of women, inequality both in terms of living conditions and of opportunities such as access to education, employment, and the economic resources of the state persist and do not seem to go away. This Handbook contains chapters by the field's foremost scholars dealing with fundamental issues in India's current cultural and social transformation and concentrates on India as it emerged after the economic reforms and the new economic policy of the 1980s and 1990s and as it develops in the twenty-first century. Following an introduction by the editor, the book is divided into five parts: Part I: Foundation Part II: India and the world Part III: Society, class, caste and gender Part IV: Religion and diversity Part V: Cultural change and innovations Exploring the cultural changes and innovations relating a number of contexts in contemporary India, this Handbook is essential reading for students and scholars interested in Indian and South Asian culture, politics and society. Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

Fiction, Film, and Indian Popular Cinema Florian Stadler, 2013-10-30 This book analyses the novels of Salman Rushdie and their stylistic conventions in the context of Indian popular cinema and its role in the elaboration of the author's arguments about post-independence postcolonial India. Focusing on different genres of Indian popular cinema, such as the 'Social', 'Mythological' and 'Historical', Stadler examines how Rushdie's writing foregrounds the epic, the mythic, the tragic and the comic, linking them in storylines narrated in cinematic parameters. The book shows that Indian popular cinema's syncretism becomes an aesthetic marker in Rushdie's fiction that allows him to elaborate on the multiplicity of Indian identity, both on the subcontinent and abroad, and illustrates how Rushdie uses Indian popular cinema in his narratives to express an aesthetics of hybridity and a particular conceptualization of culture with which 'India' has become identified in a global context. Also highlighted are Rushdie's uses of cinema to inflect his reading of India as a pluralist nation and of the hybrid space occupied by the Indian diaspora across the world. The book connects Rushdie's storylines with modes of cinematic representation to explore questions about the role, place and space of the individual in relation to a fast-changing social, economic and political space in India and the wider world.

Networked Bollywood Swapnil Rai, 2023 Networked Bollywood provides interdisciplinary analysis of the role of the stars in the transformation of Hindi cinema into a global entertainment industry. The first Indian film was made in 1913. However, filmmaking was recognized as an industry almost a hundred years later. Yet, Indian films have been circulating globally since their inception. This book unearths this oft-elided history of Bollywood's globalization through multilingual, transnational research and discursive cultural analysis. The author illustrates how over the decades, a handful of primarily male megastars, as the heads of the industry's most prominent productions and corporations, combined overwhelming charismatic affect with unparalleled business influence. Through their star switching power, theorized here as a deeply gendered phenomenon and manifesting broader social inequalities, India's most prominent stars instigated new flows of cinema, industrial collaborations, structured distinctive business models, influenced state policy and diplomatic exchange, thereby defining the future of Bollywood's globalization.

Salman Khan Devapriya Sanyal, 2022-01-28 A name that's synonymous with packed theatres shouting his name and crowds of young men cheering for him, Salman Khan has been reigning in the popular imagination for three decades now. However, superstardom came with its share of troubles. Salman has found himself in the news once too often, almost as though he were controversy's favourite child. Endlessly discussed as well as criticised, he is an object of adulation, fantasy and reverence in the cultural space. Tabloid pieces, stories and gossip-all tend to collapse him into a formula, making him lose his exclusivity when he is one of a kind. *Salman Khan: The Man, The Actor, The Legend* offers new perspectives on cinema and the peculiar glow of this star's superstardom in a consumerist society. It cuts through the many layers of his personality, the gossip and the rumours to focus on the star's aesthetic formulation-on what exactly it is about film and television, the star system and the capitalistic society that make him such a huge icon. It looks into Salman Khan, the phenomenon, in-depth, considering there have been fewer enquiries dedicated to charting his stardom than some of his contemporaries. A fascinating account of one of Bollywood's towering figures, this is a candid portrait of Salman Khan-the man and the superstar-and what makes this legend thrive across generations.

A Companion to Indian Cinema Neepa Majumdar, Ranjani Mazumdar, 2022-08-23 A new collection in the Wiley

Blackwell Companions to National Cinemas series, featuring the cinemas of India In A Companion to Indian Cinema, film scholars Neepa Majumdar and Ranjani Mazumdar along with 25 established and emerging scholars, deliver new research on contemporary and historical questions on Indian cinema. The collection considers Indian cinema's widespread presence both within and outside the country, and pays particular attention to regional cinemas such as Bhojpuri, Bengali, Malayalam, Manipuri, and Marathi. The volume also reflects on the changing dimensions of technology, aesthetics, and the archival impulse of film. The editors have included scholarship that discusses a range of films and film experiences that include commercial cinema, art cinema, and non-fiction film. Even as scholarship on earlier decades of Indian cinema is challenged by the absence of documentation and films, the innovative archival and field work in this Companion extends from cinema in early twentieth century India to a historicized engagement with new technologies and contemporary cinematic practices. There is a focus on production cultures and circulation, material cultures, media aesthetics, censorship, stardom, non-fiction practices, new technologies, and the transnational networks relevant to Indian cinema. Suitable for undergraduate and graduate students of film and media studies, South Asian studies, and history, A Companion to Indian Cinema is also an important new resource for scholars with an interest in the context and theoretical framework for the study of India's moving image cultures.
