*La apuesta por la globalización* Peter Gowan, 2000-09-12 La globalización representa la forma que ha asumido la lucha de clases a escala mundial tras el ciclo de las revoluciones sociales y nacionales de los últimos cien años. La calidad y potencia de los sujetos productivos dispersos por el planeta y los choques de sus reivindicaciones y sus luchas a favor de la justicia con las estructuras históricas de explotación capitalista, han encontrado una respuesta globalizada. Contra la enésima versión del reduccionismo economicista y de la ineluctabilidad tecnológica, Peter Gowan reconstruye las líneas del proyecto de dominio occidental desde finales de la década de 1960 hasta la actualidad.

**El libro blanco de la salud dental natural** Carlos de Vilanova, 2018-10-10 Cuida tus dientes de una forma natural, económica y sencilla. Conviértete en tu mejor dentista Un acto tan simple como el cepillado dental puede ser altamente tóxico para nuestra salud. Se trata del flúor, que utilizamos a través de nuestro dentífrico o colutorio cerca de 80.000 veces a lo largo de nuestra vida sin saber que es un elemento peligroso que se acumula en nuestro organismo y puede producir graves efectos neurológicos y endocrinos. Este libro nos enseñará los motivos para sustituir nuestra pasta de dientes habitual por jabón natural, los enjuagues comerciales por otros denominados Oil Pulling o curar las infecciones con salmuera. Métodos ecológicos y sencillos que desinfectarán y esterilizarán nuestra boca con mayor eficacia y menor coste. De igual forma, en estas páginas hallaremos la forma de corregir los temibles problemas dentales: caries, sarro, gingivitis, periodontitis, placa... así como impedir que nuestro odontólogo nos realice intervenciones peligrosas como los famosos empastes de mercurio, desterrados en toda Europa. Aprenderás a reconocer los grandes enemigos de tus dientes, como los ácidos, los refrescos, los azúcares o los almidones; entenderás la gran importancia de la saliva, podrás prevenir la temida halitosis y serás capaz de fabricar tu propio jabón artesano para cuidar e higienizar tus dientes, lengua y encías. Un libro imprescindible para lucir una dentadura de cine, a través de una reeducación natural y sostenible.

*Medicina en odontología* José Luis Castellanos Suárez, Laura María Díaz Guzmán, Enrique Armando Lee Gómez, 2015-02-03 Medicina en Odontología. Manejo dental de pacientes con enfermedades sistémicas, 3<sup>a</sup> edición. Es una

obra que trata de manera completa temas de medicina interna orientada al servicio odontológico integral y multidisciplinario. Obra útil al cirujano dentista de práctica general y de especialidad, al igual que para estudiantes de pre y posgrado. Contiene segmentos actualizados y actuales; ofrece información adecuada para el manejo y toma de decisiones médico-odontológicas, en favor de la calidad de servicio y mejora del pronóstico, no sólo considerando la prevención de complicaciones sistémicas, sino mejorando la respuesta al manejo médico de un grupo diverso de enfermedades relevantes. Su estructura permite encontrar de manera pronta y eficiente los fundamentos fisiopatológicos de padecimientos sistémicos de impacto bidireccional y contar con protocolos de manejo médico-dental, que aseguren excelencia en el manejo de pacientes dentales con antecedentes médicos. Los profesionistas y estudiantes de medicina, áreas del comportamiento, nutrición y otras, tendrán una referencia práctica, directa y utilitaria, para entender cómo el grupo de procesos inflamatorios crónicos, infecciosos, cambios funcionales y en la apariencia, provenientes de la región oral, afectan de forma contundente en el estado de salud y bienestar corporal y mental de la población.

**La sociedad civil en Polonia y Solidaridad** Izabela Barlińska,2006 El libro analiza el proceso de emergencia de una sociedad civil en el sentido amplio del término (lo que incluye una democracia liberal, una economía de mercado, una sociedad plural y un espacio público) en Polonia, y el papel que representó en esa transformación la sociedad civil entendida en un sentido restringido como tejido social o asociativo, en particular la función del movimiento llamado Solidaridad, atendiendo a los cambios en su organización, ideología, estrategia y relaciones con otros agentes sociales y políticos, y con el conjunto de la sociedad. Desde el análisis de la idea de la sociedad civil en el contexto histórico de la Polonia contemporánea, se recorre por etapas el proceso conducente al cambio de un régimen comunista a una democracia liberal y a una economía de mercado en Polonia. Asimismo, se analiza el papel desempeñado por la Iglesia católica y por la disidencia intelectual y política.

**Llamarás un domingo por la tarde** Javier Cid,2019-06-06 «Un divertido y dolorido relato sobre la búsqueda de la felicidad con un narrador barroco, brillante y sentimental que reinventa a los bohemios clásicos.» Rosa Montero Llamarás un domingo por la tarde comienza, como todas las tragicomedias de altura, con un desamor fulminante que hará que su protagonista caiga en cada uno de los vicios de este siglo insoportable. Con la coartada de la soledad, que es la triste enfermedad de los domingos, emprende un descenso a las cloacas de las redes sociales, al tórrido maná del culto al cuerpo, al azote del psicoanálisis. Con el tic tac de los cuarenta años siguiéndole los pasos, a punto de estallarle como una bomba de relojería, caminará sin paraguas bajo la tormenta. En este viaje a no-sé-dónde también hay bullying y pasiones fugaces, revelaciones místicas, gintónics, muertos, tartas de zanahoria e incluso milagros. Y aún deberá descubrir si la amistad auténtica, un último viaje o algún amor tardío podrán salvarle. Si hoy en día eliges una carrera, un trabajo, unos amigos, una

dieta, una terapia, un gimnasio, una app de citas, un servicio de comida a domicilio, una droga, una hipoteca, ¿por qué cuesta tanto elegir ser feliz? La crítica ha dicho... «Un relato pletórico de humor, exhibicionismo, tristeza y sensibilidad. Léanlo: un lobo literario anda suelto.» El Cultural

*Reestructuración industrial en las economías en transición* Universitat de Barcelona,2000 Los textos recopilados en esta obra son el resultado de una investigación conjunta en la que participaron investigadores españoles, franceses, búlgaros, húngaros y polacos. El objetivo de dicho esfuerzo era analizar el impacto de los profundos cambios económicos y sociales producidos en los países del Este de Europa tras la desaparición de los sistemas políticos comunistas, en particular la transición de una economía dirigida a un modelo liberal, teniendo en cuenta la herencia dirigista y de falta de recursos y mercados preparados para tal cambio.

*Nuevos ricos, nuevos pobres y nueva Rusia* Bertram Silverman,Murray Yanowitch,2001-01-01 Con abundante material estadístico y una rica información a partir de investigación de campo, los autores exponen un retrato meticulosamente estructurado de las circunstancias de vida de los rusos hoy día. Documentan la desigual distribución de la costos y beneficios de la reforma y su impacto en la estructura socioeconómica de la población.

Ribeiro,2015-11-01 A crescente procura por terapias minimamente invasivas e localizadas despertou o interesse de clínicos e pesquisadores da comunidade odontológica para a terapia fotodinâmica antimicrobiana. Esta obra reúne pela primeira vez todos os aspectos relacionados de modo específico a essa terapia e voltados para a Odontologia.Princípios básicos, metodologias de estudo e aplicações clínicas em dentística, endodontia, periodontia, odontopediatria e estomatologia são apresentados de modo claro e preciso com o intuito de auxiliar o clínico em todo o processo dessa nova modalidade terapêutica, bem como ajudar pesquisadores na escolha de metodologias e técnicas apropriadas para estudos da terapia fotodinâmica. Com capítulos escritos por renomados pesquisadores na área, este livro pode ser útil tanto para os interessados na prática clínica da terapia, quanto para os que procuram aprofundar seus conhecimentos e descobrir novas fronteiras para o emprego dessa técnica na Odontologia.

**Mundialización de las resistencias** Samir Amin,2003 De Seattle a Genova, del Otro Davos a Porto Alegre, las protestas contra las politicas neoliberales se multiplican. Despues de muchos anos de gestacion, la dinamica de convergencia entre movimientos sociales viejos y nuevos, urbanos y rurales, del Norte y del Sur, se cristaliza dentro de las nuevas coaliciones y de las campanas de envergadura internacional contra el modelo actual de mundializacion. Esta obra Mundializacion de las resistencias, estado de las luchas 2002, tiene por objeto presentar un panorama de las resistencias sociales en las diferentes

regiones del mundo sin desconocer sus contextos economicos y politicos. Igualmente deja en evidencia la intensificacion de las movilizaciones mundiales alrededor de ciertas apuestas globales: desde la deuda externa a los problemas del agua, hoy en dia instrumentalizada en beneficio de los intereses privados. Ante el replanteamiento de las luchas a escala mundial, se impone una reflexion a fondo : ¿como y de que manera la actual fase n ...
