*Vince Guaraldi at the Piano, 2d ed.* Derrick Bang, 2024-05-01 Although Vince Guaraldi's playful jazz piano themes for the early Peanuts animated television specials are well known, the composer himself remains largely unheralded. More than merely the Peanuts guy, Guaraldi cut his jazz teeth as a member of combos fronted by Cal Tjader and Woody Herman, and garnered Top 40 fame with his Grammy Award-winning hit Cast Your Fate to the Wind. This career study, extensively updated, gives Guaraldi long-overdue recognition, chronicling his years as a sideman; his attraction to the emerging bossa nova sound of the late 1950s; his collaboration with Brazilian guitarist Bola Sete; his development of the Grace Cathedral Jazz Mass; his selection as the fellow to put the jazz swing in Charlie Brown's step; and his emergence as a respected veteran in the declining Northern California jazz club scene of the 1970s. Ironically, his place in the jazz universe has grown exponentially since this book's initial 2012 publication, and this second edition acknowledges such honors and features a wealth of new material.

*Listen to Jazz!* Melissa Ursula Dawn Goldsmith, 2025-06-12 Listen to Jazz!: Exploring a Musical Genre explores jazz as both an American musical genre and a global creative exchange, with a focus on 50 must-hear musicians, composers, bands, groups, albums, and songs. Rather than focusing on jazz as a solely American genre with a limited set of established jazz greats, Listen to Jazz! explores the diversity of jazz's sounds, compositions, recordings, and styles. A background chapter concisely surveys the genre's sounds, concepts, performance practices, and interactions with the sound recording industry and technological advances in recording. The A-to-Z Must-Hear Music entries include recent jazz musicians from around the world, jazz musicians and recordings that have been marginalized or overlooked, as well as musicians, songs, and albums that have been recognized already for contributing to the defining aspects of specific jazz styles. Chapters on the impact of jazz on popular culture and its legacy, as well as a bibliography, enhance the historical and analytical content found in many jazz resources. This book stands out for its inclusive and comparative listening-centered approach, often pairing or grouping musicians and recordings in its entries. Music concepts such as improvisation, syncopation, tone color, musical structure, harmonic and rhythmic patterns, and music production techniques are introduced and explained thoroughly, making the book accessible to high school and undergraduate students without any previous musical background while still being of interest to jazz aficionados and scholars.

**The Art and Making of Peanuts Animation** Charles Solomon,2012-11-14 For the first time, this deluxe visual history treats Peanuts fans to an in-depth look at the art and making of the beloved animated Peanuts specials. From 1965's original classic A Charlie Brown Christmas through the 2011 release of Happiness is a Warm Blanket, animation historian Charles Solomon goes behind the scenes of all 45 films, exploring the process of bringing a much-loved comic strip to life. The book showcases the creative development through the years with gorgeous, never-before-seen concept art, and weaves a rich history based on dozens of interviews with former Peanuts directors, animators, voice talent, and layout artists, as well as current industry folk. Filling a void in animation publishing—there is no other history or art book of the Peanuts specials—this volume celebrates five decades of the artistry and humor of Charles M. Schultz and the artists who reimagined the comic for the screen.

Going Solo Tara Mills,2015-03-11 Resenting him was natural; wanting him, a revelation. There's nothing Shasta Kovich won't do to save her recording contract after blowing her voice during The Velvet Bitches' first major concert tour. But asking her to put up with Blake Adams? That's pushing it. Big surprise they'd clash. She came up the old-fashioned way; she worked her ass off. Blake, on the other hand, has led a charmed life, the product of the best musical education money can buy. It's pretty hard not to resent him, especially with that elitist attitude of his. It can't get any worse than that, right? Wrong. During one of their rocky sessions together Adams strays upon a secret she's hidden from everyone, including her bandmates. Suddenly, the guy tasked with saving her career knows something that could potentially ruin her musical aspirations for good. Can she trust him? Keywords: opposites attract, enemies to lovers, pride and prejudice, opposite sides of the track, music, jazz, composer, voice training, Norah Jones, bassist, musicians, jealous rival, misunderstood hero, sassy heroine
