The Reincarnation of Edgar Cayce? Wynn Free, David Wilcock, 2010-06-15 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena. There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father of holistic medicine’. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce’s reincarnation. Compiling some of Wilcock’s most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

Awakening in the Dream David Wilcock, 2021-08-10 New York Times bestselling author David Wilcock's latest captivating work of nonfiction, exploring new hidden truths about extraterrestrials, dreams, sacred science, channeling your Higher Self, and Ascension. What happens when a UFO researcher suddenly comes into telepathic contact with the very beings he has been so avidly studying, after years of increasingly provocative dreams? What happens when these telepathic readings begin predicting the future with astonishing precision—and speaking about an incredible upcoming event in which all life in our solar system will undergo a spontaneous transfiguration? David Wilcock is a master at weaving together cutting-edge alternative science, shocking insider information, and his own personal experiences to reveal stunning truths about humanity, positive and negative extraterrestrials, lost civilizations, and the universe we share. In *Awakening in the Dream*, David once again combines his extensive research, the Law of One series, new insider revelations, and his own connection with the divine to bring humanity closer to full disclosure than ever before—as well as to help us activate our full potential on the eve of Ascension. A New York Times bestselling author, TV personality, filmmaker, lecturer, and

consciousness expert, David is the perfect person to guide us through the hidden realities of our world. With its myriad information, anecdotes, big picture comparative analysis with over six hundred references, and trustworthy messages channeled directly from the highest-level angelic sources, including a remarkable set of future prophecies built into the Great Pyramid itself, *Awakening in the Dream* promises to be his most astounding book yet.

Law and Custom in Hasidism Aharon Verthaim,1992 Despite their importance, works of Hasidism tend to ignore the innovative halakhic aspect of the early hasidic movement. Rabbi Wertheim's book is unique for its emphasis on hasidic practices, Hasidism on the ground, so to speak. From changes in dress to prayers, the establishment of a relationship with the rebbe, and its observance of holidays, the author provides not only detailed and carefully footnoted information, but provides an historical perspective which allows the reader to understand these innovations in context.

The Interpretation of Scripture in Early Judaism and Christianity Craig A. Evans,2000-06-01 This volume assembles several important studies that examine the role of language in meaning and interpretation. The various contributions investigate interpretation in the versions, in intertestamental traditions, in the New Testament, and in the rabbis and the targumim. The authors, who include well-known veterans as well as younger scholars, explore the differing ways in which the language of Scripture stimulates the understanding of the sacred text in late antiquity and gives rise to important theological themes. This book is a significant resource for any scholar interested in the interpretation of Scripture in and just after the biblical period.

Shakespeare's Apprenticeship Ramon Jiménez, 2018-09-14 The contents of the Shakespeare canon have come into question in recent years as scholars add plays or declare others only partially his work. Now, new literary and historical evidence demonstrates that five heretofore anonymous plays published or performed during his lifetime are actually his first versions of later canonical works. Three histories, The Famous Victories of Henry the Fifth, The True Tragedy of Richard the Third, and The Troublesome Reign of John; a comedy, The Taming of a Shrew; and a romance, King Leir, are products of Shakespeare's juvenile years. Later in his career, he transformed them into the plays that bear nearly identical titles. Each is strikingly similar to its canonical counterpart in terms of structure, plot and cast, though the texts were entirely rewritten. Virtually all scholars, critics and editors of Shakespeare have overlooked or disputed the idea that he had anything to do with them. This addition of five plays to the Shakespeare canon introduces a new facet to the authorship debate, and supplies further evidence that the real Shakespeare was Edward de Vere, seventeenth Earl of Oxford.
