**The BIG Book of Reading, Rhyming, and Resources** Beth Christina Maddigan, Stefanie Drennan, Roberta E. Thompson, 2005-10-30 Promote reading and literacy with this wonderful assortment of lively, fast-paced, fun-filled children's programs specifically designed for children aged 4 through 8. You and the children will delight in such program themes as Creepy Crawlies, Forest Friends, Frosty Frolics, and After School Adventures. The book presents an entertaining mix of multisensory activities that appeal to a variety of literacy levels and learning styles—rhymes and songs, awesome activities, crafty crafts, and great games. Unlike other programming guides, this one uses a developmental approach with literature-based activities fitted to specific learning needs. More than an idea book, it includes all the nuts and bolts for initiating children's programs—from foundations and guidelines for understanding various stages of learning to everything you need to get started: book lists, step-by-step instructions, reproducible patterns and illustrations, even tips on publicity and public relations. Whether you're a novice or a seasoned children's programmer, this book gives you fresh programming ideas that foster lifelong literacy and love of reading. Grades PreK-3.

A to Zoo Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

Transforming Preschool Storytime Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research, the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly, maintaining interest. Using a selected book in a number of consecutive preschool storytimes, but presenting it differently each time, can help children learn new skill sets. This book presents a new approach to storytime, one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level. Diamant-Cohen, recently awarded the 2013 ASCLA Leadership and Professional Achievement Award, and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning, this book includes Scripts for 8 different books, with enough activities to repeat each one for six weeks, along with lists of optional alternative books Planning aids such as outlines of storytime sessions, a fill-in-the-blanks planning sheet, questions for evaluation, and tips for enhanced storytimes using props and crafts Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents, caregivers, and other stakeholders From setup to execution, here's everything you need to create and implement a successful, elevated storytime.

The Runaway Pumpkin Anne Margaret Lewis,2015-09-01 A cute little Halloween pumpkin announces that he is ready for a Halloween adventure. So he prepares to set out on the exploration of a lifetime. However, his ever watchful and caring mother wants to make sure he's prepared before he takes that first step outside. The little pumpkin will begin his adventure on a witch's broom, where he will fly through the skies. Next, he'll dare to venture through the very spookiest haunted house. And to celebrate the night, he'll dance to the "Monster Mash"! It's scary out there on Halloween night, but his mother is packing a parachute just in case he falls, a blankie for reassurance, and his favorite monster shoes so he can boogie-woogie all night long. Whatever adventures he has, he is sure to be prepared. Halloween isn't so scary when you have a mother pumpkin making sure you're ready for whatever frights might come your way! Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
