Spanish for Health Care Professionals William C. Harvey, 2016-11-08 This book is designed to help doctors, nurses, and

medical assistants communicate in Spanish with Latino patients and their families who have little or no command of English. Fully updated text includes the addition of vocabulary for informing families about patients' medical care or death; instructing patients on how to navigate online forms; a sample disclosure and consent form in both Spanish and English; and a new section on working with medical interpreters. Every Spanish word in the book is followed by its phonetic pronunciation. The book also provides easy-to-follow tips on understanding colloquial spoken Spanish. Author William Harvey concentrates on words and phrases likely to be used in a medical setting. True-to-life dialogues dramatize situations pertaining to pregnancy, broken bones, pediatric care, heart and lung diseases, pharmacy prescriptions, and much more.

International Handbook of Teaching and Learning in Health Promotion Marco Akerman, Ana Claudia Camargo Gonçalves Germani, 2022-06-22 This international handbook brings together researchers and teachers from 25 countries of the five continents to share their experiences of teaching health promotion in undergraduate and graduate courses related to different health professions. Chapter authors share teaching methodologies used in classes, discuss the competencies students need to learn and indicate research opportunities. Readers will be provided with real-world examples of empowering, participatory, holistic, intersectoral, equitable and sustainable teaching/learning strategies that aim to improve

health and reduce health inequities. This handbook was edited by an editorial board formed by 12 members of the International Union for Health Promotion and Education (IUHPE) from seven countries – Brazil, Belgium, Canada, Israel, New Zealand, Taiwan and UK –, and includes 45 chapters organized in seven thematic sections, each one dedicated to a different aspect of the process of teaching and learning health promotion: The health promotion curriculum Making health promotion relevant to practice Pedagogies for health promotion Special topics for health promotion Health promotion assessment and quality assurance Health promotion as a transformational practice Students' reflections The International Handbook of Teaching and Learning in Health Promotion: Practices and Reflections from Around the World aims to encourage a dialogue between teaching and learning practices carried out locally and the possibilities of replicating these experiences globally, recognizing cultural differences and similarities. This handbook is intended for a wide range of readers, including education and training providers, health professionals and health care students. Due to its intersectoral and interdisciplinary approach, it will also be of interest to teachers and students in other fields of the Social Sciences, such as Urban Planning, Social Work, Public Policy, International Relations and Population Studies.

Human Resources in Healthcare, Health Informatics and Healthcare Systems Kabene, Stéfane M., 2010-07-31
While many countries enjoy the benefits of modern healthcare systems and social and economic policies that improve life expectancy, many countries still have high maternal and infant mortality rates, struggle with infectious diseases, and face critical human resource shortages in healthcare. Human Resources in Healthcare, Health Informatics and Healthcare Systems addresses two major problems that threaten the health of the human race. The first of which is the lack of human resources in healthcare. We need to ensure that we have an adequate number of healthcare professionals who are highly motivated and properly trained. Furthermore, we need to ensure that they have the latest health technology at their disposal, which is the second major issue facing the world today. The world's most respected scholars and practitioners describe their experiences and propose possible theoretical and practical solutions in this relevant and timely handbook.
