Kate Darian-Smith, Paula Hamilton

‘I buy this piece of ground here’ Madeleine Regan, 2025-05-20 ‘I buy this piece of ground here’ is a group biography that examines the lives and work of a cohort of Italian migrant families from the Veneto region who arrived in Australia in the 1920s and formed a new community and identity as market gardeners in outer suburban Adelaide. This book investigates the settlement processes in a period of Australian migration history often overlooked in favour of post-World War II studies of mass migration and multiculturalism. It considers the impacts of the Depression, fascism, World War II, the White Australia environment that excluded southern Europeans and, ultimately, the suburbanisation that overtook their community. Drawing on 65 oral histories with sons and daughters of the first generation, archival and published records, the narrative reveals what it felt like to work market gardens that became economic and emotional anchors for a new community. The first generation raised families, worked and bought the land, planted vegetables, bartered for glasshouses, sold produce at market, celebrated in packing sheds and established a stable, resilient community between the wars. The Veneto families developed successful commercial market gardens and created a self-contained village or paese in a small area west of Adelaide. Withstanding marginalisation, the market gardeners lived and worked together in a small community, prospered and created an economy, a sense of belonging and a future for their children. ‘A formidably detailed piece of research and the product of a most fruitful community collaboration.’ —Frank Bongiorno AM, Professor of History, ANU

Remembering Migration Kate Darian-Smith, Paula Hamilton, 2019-08-10 This book provides the first comprehensive study of diverse migrant memories and what they mean for Australia in the twenty-first century. Drawing on rich case studies, it captures the changing political and cultural dimensions of migration memories as they are negotiated and commemorated by individuals, communities and the nation. Remembering Migration is divided into two sections, the first on oral histories and the second examining the complexity of migrant heritage, and the sources and genres of memory writing. The focused and thematic analysis in the book explores how these histories are re-remembered in private and public spaces, including museum exhibitions, heritage sites and the media. Written by leading and emerging scholars, the collected essays explore how memories of global migration across generations contribute to the ever-changing social and cultural fabric of Australia and its place in the world.

Intergenerational Ethnic Identity Construction and Transmission among Italian-Australians Simone Marino, 2020-07-02

This book focuses on the transmission of ethnic identity across three generations of Italian-Australians, specifically Italian-Australians of Calabrian descent in the Adelaide region of Australia. Simone Marino analyzes ethnographic data collected over a three-year period to consider individual, familial and community cultural practices, as well as societal influences on ethnic identity transmission, in order to present generational differences in the understandings of Italian-Australian identity. Among other factors, the role of community events, community networks, and cultural practices associated with being Italian-Australian are examined. The transmission of ethnic identity is analysed through the lens of sociological theories, including Sayad's concept of double absence and Bourdieu's ideas of habitus and cultural capital, and is considered at the macro, meso, and micro spheres of social life. Ultimately, Marino's study reveals clear generational differences amongst Italian-Australians: the first generation, those who arrived from Italy, manifest a condition of feeling absent, the second generation present a condition of 'in-between-ness', between the world of their immigrant parents and that of Australians, and the third generation experience a sense of ethnic revival.

Le chiavi per l'Australia Tommaso Licchetta e Cherol Bracalè, 2014-07-09 Il pratico manuale cerca di dare risposta alle domande di chi inizi a valutare con serietà la scelta di un lavoro fuori dall'Italia. Che sia per pura esperienza o si tratti di una vera e propria alternativa "per la vita", l'Australia può essere un'ottima soluzione: il Paese è in costante sviluppo economico, il clima è piacevole, i paesaggi incantevoli, ma, soprattutto, le opportunità di lavoro e carriera sono legati a stretti concetti di tipo meritocratico. In ogni caso, meglio partire preparati! In questo piccolo manuale, abbiamo riversato il frutto delle nostre ricerche (fatte anche di esperienze personali vissute): i tipi di visto e come ottenerli, come redigere un buon curriculum vitae, il lavoro e come cercarlo, gli alloggi e come ottenerne di convenienti, i trasporti, consigli comportamentali, aziende italiane in Australia... fino alle basilari notizie su fisco e sanità e una serie di utili tabelle. Naturalmente, niente di esaustivo, ma solo un tentativo di dare ai nostri giovani più intraprendenti (e a tutti gli interessati) un primo bagaglio di nozioni mediamente utili per pensare alla "traversata" con un minimo di preparazione.
