The Darkest Minds Alexandra Bracken, 2018-06-26 Book one in the blockbuster Darkest Minds series —now with key art from the major motion picture that's hitting theaters September 2018! When Ruby woke up on her tenth birthday, something about her had changed. Something alarming enough to make her parents lock her in the garage and call the police. Something that got her sent to Thurmond, a brutal government rehabilitation camp. She might have survived the mysterious disease that killed most of America's children, but she and the others emerged with something far worse: frightening abilities they cannot control. Now sixteen, Ruby is one of the dangerous ones. But when the truth about Ruby's abilities—the truth she's hidden from everyone, even the camp authorities—comes out, Ruby barely escapes Thurmond with her life. On the run, she joins a group of kids who escaped their own camp: Zu, a young girl haunted by her past; Chubs, a standoffish brainiac; and Liam, their fearless leader, who is falling hard for Ruby. But no matter how much she aches for him, Ruby can't risk getting close. Not after what happened to her parents. While they journey to find the one safe haven left for kids like them—East River—they must evade their determined pursuers, including an organization that will stop at nothing to use Ruby in their fight against the government. But as they get closer to grasping the things they've dreamed of, Ruby will be faced with a terrible choice, one that may mean giving up her only chance at a life worth living.

In the Afterlight Alexandra Bracken, 2014-10-28 Book three in the hit series that's soon to be a major motion picture starring Amandla Stenberg and Mandy Moore--now with a stunning new look and an exclusive bonus short story that delves into the mind of Clancy Gray. Ruby can't look back. Fractured by an unbearable loss, she and the kids who survived the government's attack on Los Angeles travel north to regroup. Only Ruby can keep their highly dangerous prisoner in check. But with Clancy Gray, there's no guarantee you're fully in control, and everything comes with a price. When the Children's League disbands, Ruby rises up as a leader and forms an unlikely allegiance with Liam's brother, Cole, who has a volatile secret of his own. There are still thousands of other Psi kids suffering in government rehabilitation camps all over the country. Freeing them--revealing the government's unspeakable abuses in the process--is the mission Ruby has claimed since her own escape from Thurmond, the worst camp in the country. But not everyone is supportive of the plan Ruby and Cole craft to free the camps. As tensions rise, competing ideals threaten the mission to uncover the cause of IANN, the disease that killed most of America's children and left Ruby and others with powers the government will kill to keep contained. With the fate of a generation in their hands, there is no room for error. One wrong move could be the spark that sets the world on fire.

Speculative Film and Moving Images by or about Black Women and Girls Karima K. Jeffrey-Legette, 2023-01-24 Speculative Film and Moving Images by or about Black Women and Girls: Watch It! examines depictions of African-descended women and girls in twentieth and twenty-first century filmmaking. Topics include a discursive analysis of stereotypes; roles garnered by Halle Berry, the only Black woman to receive an Oscar for Best Actress in a Leading Role; the promise of characters, relationships, and scripts found in works ranging from Altered Carbon, Lovecraft Country, and HBO's Watchmen series; and a closing chapter that considers the legacy of Black women in horror. Jeffrey-Legette illustrates the ways in which recent texts explore the trauma endured by people of African descent in the United States of America in evocative ways. In doing so, she provides a compelling interpretation of prevalent, well-received, and recurring images of Black women and girls in American popular culture.
