Dread Trident Curtis D. Carbonell, 2019-11-27 Dread Trident focuses on tabletop role-playing games as vital mechanisms in the increasing creation of 'realized worlds' in modern culture. We often think of these as emerging from novel reading, film viewing, or video game playing; rarely do we consider the worlds of analog games, such as Dungeons and Dragons.

Religious Myths and Visions of America Christopher Buck, 2009-04-30 At the heart of American studies is the idea of America itself. Here, Buck looks at the religious significance of America by examining those religions that have attached some kind of spiritual meaning to America. The author explores how American Protestantism-and nine minority faiths-have projected America into the mainstream of world history by defining-and by redefining-America's world role. Surveying the religious myths and visions of America of ten religions, Buck shows how minority faiths have redefined America's sense of national purpose. This book invites serious reflection on what it means to be an American, particularly from a religious perspective. Religious myths of America are thought-orienting narratives that serve as vehicles of spiritual and social truths about the United States itself. Religious visions of America are action-oriented agendas that articulate the goals to which America should aspire and the role it should play in the community of nations. Buck examines the distinctive perspectives held by ten religious traditions that inform and expand on the notion of America, and its place in the world. He covers Native American, Protestant, Catholic, Jewish, Mormon, Christian Identity, Black Muslim, Islamic, Buddhist, and Baha'i beliefs and invites serious reflection on what it means to be an American, particularly from a religious perspective.

Visions, Prophecies and Divinations Ana Paula Torres, Luís Filipe Silvério Lima, 2016-05-18 Visions, Prophecies and Divinations is an introduction to the vast and complex phenomena of prophecy and vision in the Spanish and Portuguese Empires. This book is dedicated to the study of the millenarian and messianic movements in the early modern Iberian world, and it is one of the first collections of essays on the subject to be published in English. The ten chapters range from the analysis of Mesoamerican and South American indigenous prophetic beliefs to the intellectual history of the Luso-Brazilian Jesuit Antônio Vieira and his project of a Fifth Empire, passing through new approaches to the long-lasting Sebastianist belief and its political implications.

The Hall of Vision, a Poem, in Three Books. To which is Added, a Letter to an Infidel William LEASK, 1838

Visions of England Paul Dave, 2006-03-01 Visions of England is a provocative and original exploration of Englishness, in particular English class, in contemporary cinema. Class has been a central part, whether consciously or not, of much of English social analysis and artistic production for over a century. But as a way of interpreting society, class has found itself sidelined in a postmodern world. Visions of England presents a detailed analysis of the changing landscape of English class and culture. Visions of England explores a wide range of film production - from gangster thrillers like *Lock, Stock Two Smoking Barrels* to the period cinema of Elizabeth, from cult classics like *Performance* and *Trainspotting* to the mainstream romantic comedy of *Notting Hill* and *Bridget Jones*, from the social realist drama of *Billy Elliot* and *The Full Monty* to the multicultural comedy of *Bend it like Beckham*, and the experimentalism of films such as *London Orbital* and *Robinson in Space*. An extraordinarily wide-ranging and incisive study, Visions of England rewrites the relationship of film and Englishness.

Visions in Late Medieval England Gwenfair Walters Adams, 2007-02-01 Visions were highly popular in the late Middle Ages, whether preached as vivid stories from the pulpit, illuminated in saint-filled manuscripts, or experienced during the breathless anticipation of a Mass or eerie darkness of a Yorkshire graveyard. This volume is the first to map out the wide range of vision types in late medieval English lay piety. Analyzing 1000 visionary accounts gathered from sermon and exempla collections, religious devotional works, saints' legends, and lay stories, it explores five central dynamics of spirituality that visions shaped and sustained: Transactions of Satisfaction (visits to and from purgatory and hell), Reciprocated Devotion (visitations of the saints), Spiritual Warfare (attacks by demons), Supra-Sacramental Sight (Mass and Passion sightings), and Mediated Revelation (prophetic visions).

Visions of Death Alan Merrett, 2006 Every Warhammer 40,000 fan knows of the foul treachery committed by the arch-traitor Warmaster Horus to the Imperium of Man, but the full story has never before been revealed. In this book, the conclusion to the story is told in full for the first time, in explosive text and swathes of incredible art.

The Christian Moses Jaeda Charlotte Calaway, 2019-11-21 Two verses about Moses in the Bible have been the subject of debate since the first century. In Exodus 33:20, God tells Moses that no one can see God and live, but Numbers 12:8 says that Moses sees the form of the Lord. How does one reconcile these two opposing statements? Did Moses see God, and who gets to decide? The Christian Moses investigates how ancient Christians from the New Testament to Augustine of Hippo resolved questions of who can see God, how one can see God, and what precisely one sees. Jaeda Calaway explains that the decision about whether and how Moses saw God was not a neutral exercise for an early Christian. Rather, it established the interpreter's authority to determine what was possible in divine-human relations and set the parameters for the nature of humanity. As a result, Calaway argues, interpretations of Moses' visions became a means for Jews and Christians to jockey

for power, allowing them to justify particular social arrangements, relations, and identities, to assert the limits of humans in the face of divinity, and to create an Other. Seeing early Christians with new eyes, The Christian Moses reassesses how debates on Moses' visions from the first through the fifth centuries were, in reality, debates on the boundaries of humanity.

Love Visions Geoffrey Chaucer, 2006-05-25 Spanning Chaucer's working life, these four poems build on the medieval convention of 'love visions' - poems inspired by dreams, woven into rich allegories about the rituals and emotions of courtly love. In *The Book of the Duchess*, the most traditional of the four, the dreamer meets a widower who has loved and lost the perfect lady, and *The House of Fame* describes a dream journey in which the poet meets with classical divinities. Witty, lively and playful, *The Parliament of Birds* details an encounter with the birds of the world in the Garden of Nature as they seek to meet their mates, while *The Legend of Good Women* sees Chaucer being censured by the God of Love, and seeking to make amends, for writing poems that depict unfaithful women. Together, the four create a marvellously witty, lively and humane self-portrait of the poet.

Differing Visions Roger D. Launius, Linda Thatcher, 1998-01-15 The first serious attempt to analyze the careers of converts who later left the Mormon church, this book contains selections about 18 Mormon dissenters--David Whitmer, Fawn Brody, and Sonia Johnson, among them--contributed by Richard N. Holzapfel, John S. McCormick, Kenneth M. Godfrey, William D. Russell, Dan Vogel, Jessie L. Embry, and many others.

A Plain and Continued Exposition of the several Prophecies or Divine Visions of the Prophet Daniel, etc Henry More, 1681

W. B. Yeats's a Vision Neil Mann, Matthew Gibson, Claire Nally, 2012 The first volume of essays devoted to W. B. Yeats's 'A Vision' and the associated system developed by Yeats and his wife, George. 'A Vision' is all-encompassing in its stated aims and scope, and it invites a wide range of approaches--as demonstrated in the essays collected here, written by the foremost scholars in the field.

Conversions and Visions in the Writings of African-American Women Kimberly Rae Connor, 1994 The subsequent achievement of selfhood is then based on the interplay of individual and community identities. Connor suggests that the distinctiveness of African-American women's experiences and writings can transcend their immediate communities and be brought to bear on women's experiences in general, making their individual stories more accessible and meaningful to the whole of humankind.

The Homiletic Review , 1907

The King Is in the Field Julie E. Cooper, Samuel Hayim Brody, 2023-06-06 If politics is about the state, can a stateless people be political? Until recently, scholars were fiercely divided regarding whether Jews engaged in politics, displayed political wisdom, or penned works of political thought over the two millennia when there was no Jewish state. But over the past few decades, the field of Jewish political thought has begun to examine the ways in which Jewish individuals and

communal organizations behaved politically even in diaspora. The King Is in the Field centers writing from leading scholars that serves as an introduction to this exciting field, providing critical resources for anyone interested in thinking about politics both within and beyond the state. From kabbalistic theology to economic philanthropy, from race and nationalism in the U.S. to Israeli legal discourse and feminist activism, this key study of Jewish political thought holds the promise to reorient the field of political thought as a whole by expanding conceptions of what counts as “political.” In a world in which statelessness now applies to 100 million individuals, this volume illuminates ways to understand how diaspora Jewish political thought functioned in adopted homelands. This approach allows the book to offer questions and analysis that add depth and breadth to academic studies of Jewish politics while simultaneously offering a blueprint for future volumes interrogating political action through multiple diasporas. Contributors: Samuel Hayim Brody, Lihi Ben Shitrit, Julie E. Cooper, Arye Edrei, Meirav Jones, Rebecca Kobrin, Vincent Lloyd, Menachem Lorberbaum, Shaul Magid, Assaf Tamari, Irene Tucker, Philipp Von Wussow, Michael Walzer.
