Patrimonio cultural, género y educación A. José Farrujia de la Rosa, 2022-01-10 El análisis de los libros de texto de la educación obligatoria, desde la Didáctica de las Ciencias Sociales, es una corriente que se ha ido consolidando en España en las últimas décadas. Este monográfico se inserta en esta línea de investigación, en particular en la temática del patrimonio cultural y el género. El volumen cuenta con siete capítulos en los que participan profesores/as de seis universidades españolas, vinculados a los principales grupos de investigación en el campo de la manualística. Teniendo en cuenta que el patrimonio cultural y la igualdad de género se deben enseñar desde la educación reglada, tal y como se propone en los currículos de Primaria y Secundaria, y siendo conscientes de sus potencialidades educativas, este libro persigue valorar el tratamiento didáctico que la educación patrimonial y el género reciben en los libros de texto de Ciencias Sociales y de Geografía e Historia. De forma paralela, se cuestiona si el objetivo implícito de estos materiales didácticos es el conocimiento del patrimonio o si se persigue igualmente que el alumnado lo comprenda y valore; si los manuales permiten que los discentes entablen relaciones de identidad con su patrimonio inmediato, es decir, que lo sientan como propio. También se reflexiona sobre si el patrimonio cultural y la Historia que se abordan en la educación obligatoria pueden contribuir al desarrollo de una identidad que esté relacionada con la evolución histórica autonómica y nacional, así como con la conciencia sobre el discurso de género. En suma, estamos ante un volumen que persigue valorar qué conciencia histórica, patrimonial e identitaria se está creando entre el alumnado en una etapa fundamental como la de la escolarización obligatoria, a partir del uso del libro de texto.

Muros de discriminación y exclusión en la construcción de identidades: la mirada de las ciencias sociales. Almudena Cotán Fernández, José Carlos Ruiz Sánchez, 2021 Si algo caracteriza a la globalización contemporánea es la apertura, flexibilización y, sobre todo, la hibridación de la que estamos siendo testigos a la hora de construir las identidades. Antes de que la interacción en internet por medio de las redes sociales hiciera acto de presencia, la edificación de identidades tenía un marcado carácter de proximidad y presencialidad. Los referentes en torno a los cuales pivotaba la pedagogía identitaria estaban configurados en los círculos de intimidad que se experimentaban en vivo y en directo, que poseían un testimonio claro y personalmente conocido. En este sentido, el plano mediático como eje referencial para esta construcción de la personalidad se percibía desde la lejanía y se caracterizaba por un halo ilusorio.

Routledge Handbook of Primary Physical Education Gerald Griggs,Kirsten Petrie,2017-11-27 The Routledge

Handbook of Primary Physical Education goes further than any other book in exploring the specific theoretical and practical components of teaching PE at the primary or elementary school level. As the most comprehensive review of theory, research and practice in primary PE yet published, it represents an essential evidence-based guide for all students, researchers and practitioners working in this area. Written by a team of leading international primary PE specialists from academic and practitioner backgrounds, this handbook examines the three discourses that dominate contemporary PE: health, education and sport. With case studies from twelve countries, including the UK, USA, Canada, Australia, New Zealand, Norway, Spain and South Korea, it provides a truly international perspective on key themes and issues such as: primary PE pedagogy, policy and curriculum development assessment and standards child development diversity and inclusion teacher training and professional development. Offering an unprecedented wealth of material, this handbook is an invaluable reference for any undergraduate or postgraduate degree programme in primary physical education or any primary teacher training course with a physical education element.
