We the Young Fighters Marc Sommers,2023-10-01 We the Young Fighters is at once a history of a nation, the story of a war, and the saga of downtrodden young people and three pop culture superstars. Reggae idol Bob Marley, rap legend Tupac Shakur, and the John Rambo movie character all portrayed an upside-down world, where those in the right are blamed while the powerful attack them. Their collective example found fertile ground in the West African nation of Sierra Leone, where youth were entrapped, inequality was blatant, and dissent was impossible. When warfare spotlighting diamonds, marijuana, and extreme terror began in 1991, military leaders exploited the trio's transcendent power over their young fighters and captives. Once the war expired, youth again turned to Marley for inspiration and Tupac for friendship. Thoroughly researched and accessibly written, We the Young Fighters probes terror-based warfare and how Tupac, Rambo, and—especially—Bob Marley wove their way into the fabric of alienation, resistance, and hope in Sierra Leone. The tale of pop culture heroes radicalizing warfare and shaping peacetime underscores the need to engage with alienated youth and reform predatory governments. The book ends with a framework for customizing the international response to these twin challenges.

Black Women Shattering Stereotypes Kay Siebler,2021-04-21 Black Women Shattering Stereotypes: A Streaming Revolution focuses on the work, voices, and perspectives of Black women in popular film and television. Kay Siebler argues that within the past five years, in response to the digital age and the number of racist stereotypes being purported in dominant culture, Black women creators are making entertainment media that fights back against these racist and sexist narratives and celebrates the realities of being Black and being a woman in today's world. When Black women are behind the camera, writing, directing, and producing, Siebler finds, the representations of Black women change dramatically in empowering and important ways. Focusing on films and series produced since 2015 that are made by, for, and about Black women, Siebler analyzes the portrayals of Black women and their culture in Bessie, Self Made, Hidden Figures, Harriet, Insecure, Being Mary Jane, Twenties, and Chewing Gum, among others. Siebler intertwines these analyses with in-depth interviews with over one hundred Black women throughout the book, offering a variety of perspectives across the broad spectrum of demographics that are—and are not—being represented in mainstream media.

Eleven More American Women Poets in the 21st Century Claudia Rankine, Lisa Sewell, 2012-01-01 "A fine and selective anthology that's also a critical introduction to some of the most provocative, and some of the most original, poetry out there." —Stephanie Burt, author of Don't Read Poetry: A Book About How to Read Poems The American Poets in the 21st Century series continues with another anthology focused on female poets. Like the earlier books, this volume includes generous selections of poetry by some of the best poets of our time as well as illuminating poetics statements and incisive essays on their work. This unique organization makes these books invaluable teaching tools. Broadening the lens through which we look at contemporary poetry, this new volume extends its geographical net by including Caribbean and Canadian poets. Representing three generations of women writers, among the insightful pieces included in this volume are essays by Karla Kelsey on Mary Jo Bang's modes of artifice, Christine Hume on Carla Harryman's kinds of listening, Dawn Lundy Martin on M. NourbeSe Phillip (for whom "english / is a foreign anguish"), and Sina Queyras on Lisa Robertson's confoundingly beautiful surfaces. In addition, a companion website presents audio of each poet's work.

The Bible and Bob Marley Dean A. MacNeil, 2013-08-27 With a Bible and guitar, Bob Marley set out to conquer the world of popular music. Rising from humble origins to international stardom, he worked tirelessly to spread a dual message of resistance and redemption--a message inspired by his reading of scripture. Marley's constant reliance on the Bible throughout the stages of his artistic and spiritual paths is an integral part of his story that has not been sufficiently told--until now. This is the first book written on Bob Marley as biblical interpreter. It answers the question, What light does biblical scholarship shed on Marley's interpretation, and what can Marley teach biblical scholars? Focusing on the parts of the Bible that Marley quotes most often in his lyrics, MacNeil provides a close analysis of Marley's interpretation. For students of Marley, this affords a deeper appreciation and understanding of his thought and his art. For students of scripture, it demonstrates the nature of Marley's unique contribution to the field of biblical interpretation, which can be appreciated as an excellent example of what R. S. Sugirtharajah calls vernacular interpretation of scripture.

Encyclopedia of Arab Women Filmmakers Rebecca Hillauer, 2005 Arab women filmmakers: Who are they? What drives them? What are their experiences in a male-dominated profession? How do they function within the contexts - and constraints - of patriarchal societies? The answers are complex and sometimes surprising, as complex and surprising as the vastly different films these women direct. In this unprecedented book, Rebecca Hillauer assembles a comprehensive and penetrating look into the history of Arab women's filmmaking, as well as the political and social background of the countries - Egypt, Iraq, Lebanon, Syria, Algeria, among others - from which these artists emerged. In addition to the biographies, filmographies, and discussions of their most important works, lively, in-depth interviews allow us to hear from the filmmakers themselves. Collectively, these women, who hail from a wide range of professional, religious, and social backgrounds, provide a varied and vivid picture of what it means to work in creative and journalistic fields in the modern Arab world. For Hillauer, the subject of a film, its genesis, and the personal story of the artist who created it reveal far more than a particular approach to cinematography. Arab women filmmakers and their main characters (who are often semi-autobiographical) not only afford us a look at seldom-seen facets of Arab societies, they personify an alternative women's 'model,' one that is far removed from western clichés. Broad in scope, and rich in insight, Arab Women Filmmakers is a must read for cineastes as well as students of film, feminism, and the Middle East.

My Journey Is My Life Nwaoha Ugochukwu C., *My Journey Is My Life: Living to Fulfill a Purpose* tells the inspiring story of author Nwaoha Ugochukwu C., who grew up in a remote village in Nigeria. In his own words: *My Journey Is My Life* is based on a true-life story and my life experiences in general. It was written to teach others that the things that cost no pain provide lesser gains, while things that cost more pain provide larger gains. Where there has been little sweat, there will be little sweet. The experiences and activities in my life's journey, if not for God's intervention, were beyond what words could explain, cruel and nearly unimaginable. Frankly, throughout this period what life gave me was more than terrible and frightening pictures, so I thought the only thing remaining for me to do was depart from this world. But I refused to die like a coward, who dies more than ten times before his death. Seeing what this life was all about, it must be believed that it was by the will of God that I was saved. And to give God all the glory, I will employ the word of God from the Bible as I describe my survival efforts. "For they got not the land in possession by their own sword, neither did their own arm save them; but thy right hand, and thine arm, and the light of thy countenance, because thou hadst a favor unto them" (Psalm 44:3). "In the journey of life, when fear is set aside, greatness can be achieved in adversity."

Living My Best Life, Hun London Hughes, 2023-09-05 From stand-up comedian, actress, and host of The Netflix Afterparty, London Hughes, comes an uplifting and raucously funny memoir to show you how to ditch the self-loathing, start the self-loving, and engage with your inner winner. London Hughes has come a long way from secretly writing Frasier fan fiction alone in her bedroom. Between her breakout Netflix comedy special, To Catch a D*ck, her dating podcast “London, Actually,” and her award-winning TV performances, London the South Londoner has taken the entertainment world by storm. And now, in this sassy, brash, fearless, and funny memoir, London is ready to inspire women of all ages and races with her story—because London is absolutely the best person in the whole wide world to take you on a wild journey of self-discovery. As she herself puts it: “I’ve always been funny. I’ve always been cute. I’ve always been confident. I was born to do this shit.” All her life, London longed to be a badass—an awesome bullet-proof woman who nobody could mess with. At a young age, she made sure she was ready to become a star, developing her own living-room popstar training regimen to prepare for her future life. But London also had her fair share of disastrous experiences in terms of friendships, relationships, and career choices. Each of the fiascos in London’s life has, with hindsight, proved to be a formative life lesson, and helped her grow into the fearless person she is today. You’ll definitely be grateful these setbacks happened to her and not you, but you’ll also learn that however bad things get, you can always build your self-worth, think long-term, and emerge triumphant, no matter what the world throws at you. From starring in a school sex education video called “Swings and Roundabouts” to being gushed over by a fan while standing next to the Renee Zellweger, London leaves no stone unturned in Living My Best Life, Hun. It took London some time to find her voice and her people, but now that she has, she’s mentally high-fiving her 14-year-old self every day.

From Whispers to Shouts Elaine Schattner, 2023-03-07 It's hard today to remember how recently cancer was a silent killer, a dreaded disease about which people rarely spoke in public. In hospitals and doctors' offices, conversations about malignancy were hushed and hope was limited. In this deeply researched book, Elaine Schattner reveals a sea change—from before 1900 to the present day—in how ordinary people talk about cancer. *From Whispers to Shouts* examines public perception of cancer through stories in newspapers and magazines, social media, and popular culture. It probes the evolving relationship between journalists and medical specialists and illuminates the role of women and charities that distributed medical information. Schattner traces the origins of patient advocacy and activism from the 1920s onward, highlighting how, while doctors have lost control of messages about cancer, survivors have gained visibility and voice. The book's final section lays out provocative questions facing the cancer community today—including distrust of oncologists, concerns over financial burdens, and disparities in cancer treatments and care. Schattner considers how patients and their loved ones struggle to make decisions amid conflicting information and opinions. She explores the ramifications of so much openness, good and bad, and asks: Has awareness backfired? Instead, Schattner contends, we need greater understanding of cancer's treatability.

Visions of Zion Erin C. MacLeod, 2014-07-04 In reggae song after reggae song Bob Marley and other reggae singers speak of the Promised Land of Ethiopia. "Repatriation is a must!" they cry. The Rastafari have been travelling to Ethiopia since the movement originated in Jamaica in 1930s. They consider it the Promised Land, and repatriation is a cornerstone of their faith. Though Ethiopians see Rastafari as immigrants, the Rastafari see themselves as returning members of the Ethiopian diaspora. In *Visions of Zion*, Erin C. MacLeod offers the first in-depth investigation into how Ethiopians perceive Rastafari and Rastafarians within Ethiopia and the role this unique immigrant community plays within Ethiopian society. Rastafari are unusual among migrants, basing their movements on spiritual rather than economic choices. This volume offers those who study the movement a broader understanding of the implications of repatriation. Taking the Ethiopian perspective into account, it argues that migrant and diaspora identities are the products of negotiation, and it illuminates the implications of this negotiation for concepts of citizenship, as well as for our understandings of pan-Africanism and south-south migration. Providing a rare look at migration to a non-Western country, this volume also fills a gap in the broader immigration studies literature.
