Hey, Fat Ass! John Manrique,2012-04 I am an ass. For many years I was a fat ass, though in early 2009, I started doing things and making changes to get the fat out. A few marathons and three years later I'm down seventy pounds, keeping it off, and people ask, How did you do it? like I found the cure for cancer or something. Hardly, and that's what inspired me to share the story of my journey so far because if I can do it you absolutely can too. All you need is YOU with a little bit of knowledge and common sense sprinkled in - there aren't any special tricks or potions required. That's the message, support and empowerment Hey, Fat Ass! provides: this is your life and these are your choices. You can make it happen, and hopefully the real world experiences, suggestions and meal ideas you'll find in this guide will start you on the way to where you want to be.

Huh Huh for Hollywood Mike Judge,Larry Doyle,1996 This December, America's favorite animated, terminal adolescents will reach new heights of fame when they jump to the big screen in their first-ever motion picture, Beavis & Butt-head Do America. To tie in with this monumental event, Beavis & Butt-head: Huh Huh For Hollywood is, in Butt-head own words, the untold expose of how we became famous and made movies that didn't suck and got rich and scored with lots of hot celebrity chicks.

What Young Boys Should Be Taught and Grown Men Should Know Randall Jackson,2019-04-02 As I said, being in the military, I've seen so-called clean men do nasty things. My book has some stories about what could happen when one does not take the steps to keeping one's home and body clean. It also tells about an unpracticed art: being chivalrous, such as

the simple thing of opening a door for a woman. I believe some men have forgotten this or were never taught. Also, there are young boys who should know these things. Believe me, these writings will make them all better men. They did for me. What I'm writing about was taught to me by my Memal and other women in my family while growing up. I have two sons. They have been and are being taught. And I have a beautiful daughter. She should know these things, thus knowing what to look for in a man.

Ten Minutes Later Louis Morris,2022-05-03 Well, once upon a time a crazy man wrote an awful novel about wizards and talking eyes. Then he wrote another one not quite as awful as the first. This is that one; the sequel. It's also about wizards and talking eyes but in this one they go back in time and have wacky adventures and stuff. So if you haven't already read the first one, go read it and if you don't absolutely hate it, maybe read this one next.

Crossing the Rubicon Patrick Wageman,2010-04-13 This antiwar story takes place in 1967-68 in Vietnam. It is about those who crewed the helicopters in an assault helicopter company. There are two main male characters, one poor and one slightly upper middle class. They arrive in their new company on the same day and therefore become friends. Both are 24 years old. There is also an American female character who is in Vietnam with the Red Cross at the beginning of the book but has to return home when her father becomes ill. Her letters to Robert give a female point of view about the war. She is 23.

Last Run Leonard B. Scott,1990-07-14 For the men of Sierra Company, 75th Rangers, the Vietnam war means more than loyalty to their country. It means loyalty to each other. You don't choose your comrades in war—they are assigned to you. And there, in the jungle, where there is no past or future, men from totally different backgrounds forget their differences and struggle with the basic questions of survival. The Last Run is an action-packed story of men at war—and of the unseen wounds our veterans brought home. Author Leonard B. Scott also wrote the bestselling Vietnam novel Charlie Mike, which was hailed by The Washington Post as “vivid, compelling . . . One of the finest novels yet written about the Vietnam war.” Like Charlie Mike, The Last Run is a story you will never forget.

Rescued from the Mud Charles Stansbury, 2018-08-25 The book is about four high school teenagers who are called misfits, left-outs, and losers by their peers because of their defiant behavior toward teachers and administrators at their high school. The first teen, a native American, is a drug user whose father is a drug addict and petty thief. The second teen, who is Jewish, has been in and out of the detention center for a series of house burglaries. His father is unemployed, and his mother died from AIDS. The third teen, a Puerto Rican, drinks alcohol and hangs out all night in the streets, worrying his mother who is on the brink of a nervous breakdown. The fourth teen is an African American who bullies students after school. He would often shake them down for money or physically assault them for no reason. Both of his parents are doing time in prison, and he is living with his grandmother. These four teens were the most likely to fail in life. They were disrespectful and belligerent. Nevertheless, the stage was set to move them to another type of educational environment—one that would hold them accountable in strict fashion, or else, the next move could have them sent away to the state reformatory for boys. This new educational environment for them would be an alternative school that would force them to plot a journey toward changing their attitude and behavior to be productive human beings, despite coming from a life of despair, stemming from a broken home. They have acknowledged that they are waist-deep in mud and need to be rescued, so therefore, they make a pact among themselves to succeed in life, to build and make an indelible work. The questions are, How do they do it? What is their plan to be rescued from the mud? Time will tell.

Locusts, Hollywood, and the Valley of Ashes: Individualism Versus Collectivism David Sinclair, 2023-02-21 They are the cheated, they are the crushed, they are the cursed. They pray for the Day of the Locust when the Swarm will deliver them. The sirens are sounding. The locusts are coming. Where will you hide? The world is full of the cheated. That's why the world is about to blow up. Nearly everyone belongs to the cheated. Who's doing the cheating? It's the 1%. Why do the 99% endure it? They always have. That's the great mystery. Get out of the way of the Swarm. No one gets out of this alive. When the Swarm arrives, judgment is delivered and the sentence carried out. The locusts are heading to Hollywood to destroy it. That's where the myths are created that keep the 1% in power. That's the laboratory of fraud, the factory of illusions. The locusts will turn it into a Valley of Ashes. Tinseltown will be set on fire. They're gonna burn it down. Shall we all cheer? Locusts start off as individuals before they join the collective. That's when they become powerful, an unstoppable force of nature. Hollywood is the home of liberalism, but is it liberal at all? Isn't it devoted to a narcissistic, super-rich cabal trying to get inside everyone's heads and convert them to the strange religion of celebrity worship? The Beatles said they were more famous than Jesus Christ. Celebrities have displaced the old gods and become the new gods, just as the Olympians pushed

the Titans off Mount Olympus and became the new rulers of the world. Come inside and explore the strangest of worlds – the one where you join with the locusts to devour Tinseltown, and, with hope in your heart and a smile on your face, march through the Valley of Ashes.

Group-Centered Prevention Programs for At-Risk Students Elaine Clanton Harpine, 2010-11-09 School psychologists, counselors, and educators in the K-12 setting face the daunting responsibility of finding balance between mandated testing, students' mental-health concerns, and additional academic help for at-risk students. One solution to this dilemma is to implement a school-based mental health approach that combines learning and counseling needs into a single program. Several types of successful programs are available, though week-long intensive programs have recently increased in popularity. Group-Centered Prevention Programs for At-Risk Students focuses on the development of such a week-long prevention program, and provides professionals with step-by-step directions to create their own program. It also focuses on the use of group-centered interventions as an opportunity to prevent at-risk behaviors as a means of correcting or changing dysfunctional behavior. This highly readable volume addresses such challenging issues as: Using self-reflection to teach writing skills. Increasing interpersonal interaction while honing etiquette. Enhancing group acceptance and reading comprehension. Rebuilding self-efficacy by increasing word recognition and decoding skills. With its solid research foundation combined with clear, practical program descriptions, this volume is an essential addition to the libraries of researchers and practitioners alike in the disciplines of school psychology, education, social work, psychotherapy and counseling, and clinical child psychology.

THE WALKING MIRACLE Luis Gonzalez Jr, 2022-11-11 A man who should have died, changed a whole perspective and beliefs on people and doctors. They planned his funeral; they counted him out. Doctors told him one thing, but God told him another, the truth. When they said he couldn't, God said he would. Giving up was never an option for him. He lost almost everything from his life to his family and marriage, but God gave it all back to him. He restored his life. When he was defeated in a coma and felt like his demons were winning the battle, Jesus stepped in and took over the fight. And the one thing he wanted to do was fulfill the plan that God had for him. He knew he was alive for a reason. The testimony would be heard around the town and the bet between two brothers would be heard around the world, which one made the ultimate promise. A mother's sacrifice offering cry out to God to let her son live. Family wars and life-changing events. What a second chance at life would look like to the eyes of many. A man who never gave up even while on his deathbed. And a moment to where his favorite football player joining in his story and testimony. His story would blow up all over social media and in the organization of his favorite football team. How could a man defeat all the odds and recover the way he did? Well, anything can be done if you have the faith in God's plan.

Bright, Precious Days Jay McInerney, 2016-08-02 From the best-selling author of Bright Lights, Big City: a sexy, vibrant, cross-generational New York story--a literary and commercial triumph of the highest order. Even decades after their arrival, Corrine and Russell Calloway still feel as if they're living the dream that drew them to New York City in the first place: book parties or art openings one night and high-society events the next; jobs they care about (and in fact love); twin children whose birth was truly miraculous; a loft in TriBeCa and summers in the Hamptons. But all of this comes at a fiendish cost. Russell, an independent publisher, has superb cultural credentials yet minimal cash flow; as he navigates a business that requires, beyond astute literary judgment, constant financial improvisation, he encounters an audacious, potentially game-changing—or ruinous—opportunity. Meanwhile, instead of chasing personal gain in this incredibly wealthy city, Corrine devotes herself to helping feed its hungry poor, and she and her husband soon discover they're being priced out of the newly fashionable neighborhood they've called home for most of their adult lives, with their son and daughter caught in the balance. Then Corrine's world is turned upside down when the man with whom she'd had an ill-fated affair in the wake of 9/11 suddenly reappears. As the novel unfolds across a period of stupendous change—including Obama's historic election

and the global economic collapse he inherited—the Calloways will find themselves and their marriage tested more severely than they ever could have imagined.

She's my obsession, my world, my everything. If only she would let me in, tell me why she's terrified, why she stays in the shadows, why she can't be seen in public. Then, as quickly as she came into my life, she disappears. DELANEY: As the daughter of a powerful politician, I was my boyfriend's perfect alibi until I wasn't. My life is in danger, and I have no choice but to disappear. I met Kaden in a bar, and the attraction was instant. We can't keep our hands off each other, but I'm careful not to tell him too much.
