The 99 Beautiful Names of God for All the People of the Book David Bentley, 2020-04-06 The author's treatment of the Arabic language and sensitivity toward Muslims and Christians in the Mid-East is very helpful. Professor Bentley's research touches on one of the most important subjects facing Muslims and Christians. Saleem Al-Mahdy, Professor of Middle East Culture and Islam This work represents a genre that is very interesting. The book extracts ideas and themes from the Muslim experience and uses them as a method for getting deeper into the Christian understanding of these names for God. It will move us forward in the understanding of Islam. Ronald J. Miller, Professor Emeritus, Islamic Studies Dr. David Bentley's book is a great help to mutual understanding...Many of these 99 names have their origins in the Old and New Testaments. J. **Naming God** Lucinda Mosher, 2023-11-01 A fresh look at how Christians and Muslims speak of God Naming God entails labeling the ineffable. And yet the Bible itself oscillates between denying that God can be named and describing how God shows Godself anyway. In Naming God, the result of the 2021 Building Bridges Seminar—an international dialogue of Christian and Muslim scholars—the contributors examine the many ways Christians and Muslims refer to and describe God and the significance of naming God differently. This book provides guidance and materials that will benefit faith leaders as well as students and scholars of theology, dialogue theory, and conflict resolution. Nonspecialists will benefit from an entry-point into the theme of naming God, while specialists will be challenged to develop and deepen their thought on this important topic.

*Islam in the World Today* Werner Ende, Udo Steinbach, 2011-12-15 Considered the most authoritative single-volume reference work on Islam in the contemporary world, the German-language *Der Islam in der Gegenwart*, currently in its fifth edition, offers a wealth of authoritative information on the religious, political, social, and cultural life of Islamic nations and of Islamic immigrant communities elsewhere. Now, Cornell University Press is making this invaluable resource accessible to English-language readers. More current than the latest German edition on which it is based, *Islam in the World Today* covers a comprehensive array of topics in concise essays by some of the world's leading experts on Islam, including: • the history of Islam from the earliest years through the twentieth century, with particular attention to Sunni and Shi'i Islam and Islamic

revival movements during the last three centuries; • data on the advance of Islam along with current population statistics; • Muslim ideas on modern economics, on social order, and on attempts to modernize Islamic law (shari'a) and apply it in contemporary Muslim societies; • Islam in diaspora, especially the situation in Europe and America; • secularism, democracy, and human rights; and • women in Islam Twenty-four essays are each devoted to a specific Muslim country or a country with significant Muslim minorities, spanning Asia, Africa, the Middle East, and the former Soviet Union. Additional essays illuminate Islamic culture, exploring local traditions; the languages and dialects of Muslim peoples; and art, architecture, and literature. Detailed bibliographies and indexes ensure the book's usefulness as a reference work.

The articles deal with topics such as war, military campaigns, government, politics, and economics, relations between scholars of the different faiths and their sources, sexual relations and the politics of conversion, mythology and music. Other articles touch on issues such as vassalage, mercenaries, fiscal politics, communal politics and the inquisition. This book presents a mosaic of studies written by three generations of scholars who, using a broad variety of sources and methodologies, examine areas of great interest to Elena Lourie.

*Towards a Jewish-Christian-Muslim Theology* David B. very timely book which moves forward the discussion at a period of intense inter-religious dialogue

**Allah and Elohim** Michael J. Oldham, 2013-04 Have you ever wondered why, following 9/11, world leaders, including President George W. Bush, were so quick to say that the three major world religions—Christianity, Islam, and Judaism—all worship the same God? Christians were especially vocal in espousing a tolerant worldview toward Muslims, stating that Allah and Jehovah God were the same deity, ostensibly to avert violence directed against Muslims. Having studied the major world religions, Michael J. Oldham simply could not accept the premise that Christians could believe that the God of the Bible could be the same God as the Qur'an's Allah. This fascinating read takes an in-depth look at each religion's descriptions of God, providing clear support with verses from the Bible and the Qur'an. Dr. Michael J. Oldham provides readers with a comprehensive study of Allah and Elohim, what they claim to be, what their followers believe, and the message of each. Allah and Elohim is thoroughly researched and its conclusions are drawn from the works of many Christian and Muslim scholars. While founded on much research, this book is easily read, and no matter your religion, you will find the book's conclusions compelling. This book outlines the truths about Islam and Christianity and clarifies the major attributes of each God and why they do not correspond. Ground yourself in a thorough understanding of Allah and Elohim so you can competently appreciate the tenets of each.

*So What's the Difference* Fritz Ridenour, 2001-03-02 Completely revised and updated for the postmodern age, *So What's the Difference?* gives you easy-to-understand, nonjudgmental answers to the question, How does orthodox biblical Christianity differ from other faiths? Here Fritz Ridenour explains the basic tenets of Protestantism, Roman Catholicism, Eastern Orthodoxy, Judaism, Islam, Hinduism, Buddhism, Jehovah's Witnesses, Christian Science, New Age, Mormonism, and other religions and belief systems of the world. You will also learn why relative thinking--the idea that there is no objective, absolute truth--has become the predominant mindset in our culture, and how you can respond. Christology in Christian-Muslim Dialogue Rev Fr Dr Robert Afayori, 2021-02-11 Understanding the religious beliefs and practices of the other raises hermeneutic questions on the extent to which the dialogical call to openness is related to commitment, the meaning of religious identity, and whether openness to the beliefs of the other poses a threat to one's religious identity. If interreligious learning demands that the interlocutors unite their attitude of commitment and openness, how does this occur without the loss of alterity? This book addresses these questions within the context of Christian-Muslim dialogue on Christology as an exercise in learning - a new form of dialogue which leads Christians and Muslims to the discovery of common values such as prayer and submission to God; peace and peaceful co-existence, and solidarity with the

poor and marginalised.

**Islam on Trial** Chawkat Moucarry, 2022-03-31 In an age of increased globalization, Islam has found itself in crisis. Extremism, secularization, and ever-increasing encounters with the Christian gospel have raised fundamental questions about the nature of Islam, its development and the future of its relationship with the West. *Islam on Trial* addresses these questions while avoiding the pitfalls of either hostility or naivety. As an Arab Christian from the Middle East, Dr. Chawkat Moucarry has spent his life engaging with Islam both personally and academically. In this book, he provides non-Muslims with a foundation for understanding Muslim faith and practice, while offering insight into the complex relationship between Islam, culture, and politics. The author addresses key controversial theological issues and highlights shared common ground between Christianity and Islam. He challenges members of both religions to engage in genuine dialogue, built on mutual understanding and respect, and to work together for the common good of their societies.
