The colors of seduction Stefano Vignaroli, Emanuela La Capricciosa, 2022-03-25 A betrayed woman decides that she must get revenge not only against her cheating husband, but also the people who for some time revolved around her life: the lesbian friend, the career police officer, the photographer who is half paparazzi and half private investigator, the Milanese writer, the pusher, and so on. The story takes place in the Marche charming townhome of poet Giacomo Leopardi. This town is where Emanuela will carry out her revenge, based on the number seven and colors, the colors of seduction. Seven colors of the rainbow, seven deadly sins, seven secret rooms of her house where, one after the other, the unsuspecting victims of her revenge will end up. An act of revenge that, however, will leave a bitter taste in the mouth of the protagonist. Emanuela La Capricciosa is the pseudonym behind which, in addition to Emanuela from Recanati, there are some authors belonging to the literary Token Ring, who have created this short novel as a collective work. A pleasant, flowing and intriguing reading, irreverent enough, but never vulgar. Translator: Maria Burnett PUBLISHER: TEKTIME

Emergent Literacy Bettina Kümmerling-Meibauer, 2011-10-26 This edited volume constitutes the first serious, sustained examination of the study of children's books for children aged from 0 to 3 with contributions by scholars working in different domains and attempting to assess the recognition of the role and influence of children's literature on the cognitive, linguistic, psychological and aesthetic development of young children. This collection achieves a balance between theoretical, empirical, historical and cross-cultural approaches by examining the broad range of children's books for children under three years of age, ranging from early-concept books through wimmelbooks and ABC books for small children to picture books that support the young child's acquisition of behavioral norms. Most importantly, the chapters proffer new insights into the strong relationship between children's books for young children and emergent literacy, drawing on current research in children's literature research, visual literacy, cognitive psychology, language acquisition, picture theory and pedagogy.

Pirate Queens Rebecca Alexandra Simon, 2022-06-16 The first full biography of Anne Bonny and Mary Read, 18th-century partners in crime who terrorized the Caribbean: "Excellent . . . informative and interesting." —Model Shipwrights Between August and October 1720, two female pirates named Anne Bonny and Mary Read terrorized the Caribbean in and around Jamaica. Despite their short career, they became two of the most notorious pirates during the height of the eighteenth-century Golden Age of Piracy. In a world dominated by men, they became infamous for their bravery, cruelty, and unwavering determination to escape the social constraints placed on women during that time. But despite their notoriety, mystery shrouds their lives before they became pirates. Their biographies were recorded in Captain Charles Johnson's 1724 book, *A General History of the Pyrates*, depicting the two as illegitimate women raised by men who, against insurmountable odds, crossed paths in Nassau and became pirates together. But how much is fact versus fiction? This first full-length biography about Anne Bonny and Mary Read explores their intriguing backgrounds while examining the social context of women in their lifetime and their legacy in popular culture, which exists to the present day. Using *A General History of the Pyrates*, early modern legal documents relating to women, their recorded public trial in *The Tryal of Jack Rackham and Other Pyrates*, newspapers, and new research, this book unravels the mysteries and legends surrounding their lives.
