*Another Jesus, a Different Spirit, a Different Gospel* Steven H. Propp, 2011-12-13 Its the Christmas season the most wonderful time of the year for most people in River City, California. But for Jehovahs Witnesses Lawrence and Brad, its a time for them to try to explain the truth about this holiday season to the people of the community. Their earnest efforts may earn them ridicule, disagreement, or a door slammed rudely in their faces, but they persist and are sometimes able to find a mind and heart receptive to their urgent message about Jehovahs coming Kingdom. Whereas for Elders Skousen and Marshall two Latter-day Saint (Mormon) missionaries the season is another opportunity to share their Churchs distinctive interpretation of the Christian gospel; but their efforts are often rebuffed, as well. In the course of their work, these two pairs of men engage in dialogue with traditional Christians, as well as members of the Church of Christ; the Community of Christ (RLDS); Seventh-day Adventists; and Oneness Pentecostals not to mention skeptics, atheists, and the increasing numbers of people who lack any particular religious beliefs. But when a local church brings in a researcher to give a series of lectures on Cults and specifically targeting the Jehovahs Witnesses and Mormons a confrontation is ensured, where theological and biblical concepts collide in a public forum. Who, if anyone, really has the Truth? Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season? Are objections raised about the secularization and rampant commercialism of the modern celebration valid? Spend a holiday season (or any other season) with some interesting and intellectually-stimulating characters, as they explore these and other challenging questions. (Readers of the authors earlier novel, *A Multicultural Christmas*, will be pleased to see a brief reappearance of two characters from that book.)

**The International Human Right to Freedom of Conscience** Leonard Hammer, 2020-09-10 This title was first published in 2002: This text addresses the problem of conflict that arises between the human right to freedom of religion and the human right to freedom of belief, for example, certain religious beliefs are in conflict with certain women's rights. The principal goal of this book is to distinguish between the more formalized, and recognized, notion of protecting religious beliefs from what is referred to as conscientious beliefs - a belief external to a religious context.

**The Son of God** Charles Lee Irons,Danny André Dixon,Dustin R. Smith,2015-12-04 This is a multi-view book in which representatives of differing viewpoints make a positive statement of their case, followed by responses from the others, and concluding with a rebuttal by the original author. The topic at hand in this book is the identity of Jesus (also known as Christology). What is the meaning of Jesus's identity as the Son of God? Charles Lee Irons argues that the title Son of God denotes his ontological deity from a Trinitarian perspective. Danny Andre Dixon and Dustin R. Smith challenge this view from two different non-Trinitarian viewpoints. Smith argues that Jesus is the authentically human Son of God, the Davidic Messiah, who did not possess a literal preexistence prior to his virgin birth. Dixon argues that Jesus is God's preexistent Son in the sense that God gave him life or existence at some undefined point prior to creation. The authors engage the topic from the perspective that reverences the authority and inspiration of Scripture as the final arbiter of this debate. The literature of early Judaism is also engaged in order to try to understand the extent to which the New Testament's Christology may have been influenced by or operated within the context of Jewish conceptions of divine secondary beings as agents of God.

The Category of 'Religion' in Contemporary Japan Mitsutoshi Horii,2018-04-17 This book critically examines the term 'religion' (shūkyō) as a social category within the sociological context of contemporary Japan. Whereas the nineteenth-century construction of shūkyō has been critically studied by many, the same critical approach has not been extended to the contemporary context of the Japanese-language discourse on shūkyō and Temple Buddhism. This work aims to unveil the norms and imperatives which govern the utilization of the term shūkyō in the specific context of modern day Japan, with a particular focus upon Temple Buddhism. The author draws on a number of popular publications in Japanese, many of which have been written by Buddhist priests. In addition, the book offers rich interview material from conversations with Buddhist priests. Readers will gain insights into the critical deconstruction, the historicization, and the study of social classification system of 'religion', in terms of its cross-cultural application to the contemporary Japanese context. The book will be of interest to students and scholars across a range of disciplines including Japanese Studies, Buddhology, Religious Studies, Social Anthropology, and Sociology.

Rewriting Children's Rights Judgments Helen Stalford,Kathryn Hollingsworth,Stephen Gilmore,2017-11-02 This important edited collection is the culmination of research undertaken by the Children's Rights Judgments Project. This initiative involved academic experts revisiting existing case law, drawn from a range of legal sub-disciplines and jurisdictions, and redrafting the judgment from a children's rights perspective. The rewritten judgments shed light on the conceptual and

practical challenges of securing children's rights within judicial decision-making and explore how developments in theory and practice can inform and (re-)invigorate the legal protection of children's rights. Collectively, the judgments point to five key factors that support a children's rights-based approach to judgment writing. These include: using children's rights law and principles; drawing on academic insights and evidence; endorsing child friendly procedures; adopting a children's rights focused narrative; and using child-friendly language. Each judgment is accompanied by a commentary explaining the historical and legal context of the original case and the rationale underpinning the revised judgment including the particular children's rights perspective adopted; the extent to which it addresses the children's rights deficiencies evident in the original judgment; and the potential impact the alternative version might have had on law, policy or practice. Presented thematically, with contributions from leading scholars in the field, this innovative collection offers a truly new and unique perspective on children's rights.

*Freedom of Religion or Belief in the European Convention on Human Rights* Caroline K. Roberts, 2023-11-23 The right to freedom of thought, conscience and religion in Article 9 of the European Convention on Human Rights (ECHR) has become increasingly significant and contested. Through an examination of ECHR Article 9, its drafting history, and the related jurisprudence of the European Court of Human Rights (ECtHR), Caroline K. Roberts challenges the classic approach to this right in the literature. Roberts argues that claims that there is, or should be, a clear binary and hierarchical distinction between the absolutely protected internal realm and the qualified external realm in this right are not founded textually or jurisprudentially. Rather, the primary materials suggest that the internal and external aspects are deeply interrelated, and this is reflected in the ECtHR's nuanced and holistic approach to ECHR Article 9 protection. This comprehensive, rigorous and up-to-date reappraisal of ECHR Article 9 and the related ECtHR jurisprudence will be essential reading for academics and practitioners.

**Broken Child Mended Man** Adam Starks, PhD, 2016-03-29 In his autobiography, Adam Starks provides a valiantly candid account of the turbulence faced during his years leading up to and while in foster care. In a path breaking twist from other well-written memoirs of former foster youth, his story reflects on the acting out that ensued as a result of a constant sense of instability in the world around him. Amid his internal struggles, Adam properly attributes his ability to remain steadfast toward achieving his successful breakaway from the cycle to his education and the ones who gathered around him during his times of need. His story provides inspiration for anyone searching for a sign of strength to relate to their own struggle. *Broken Child Mended Man* is a testimony for anyone who wants to overcome trials in their life and realize their ultimate worth.

*Thoughts of Life* Steve Soto, 2020-02-16 This book is a conglomeration of poems and quotations I've written over the last fifty years. I also included some arguable essays I've written. I think some are on point and others are confrontational, hence

the name. I have always enjoyed poems, and I find quotations very inspiring for the succinct manner in which you can relay thoughts, and hopefully inspiration. I included what I call arguable essays. I call them arguable because I'm sure some people won't agree with me on my reasoning and conclusions. I hope you enjoy my writings.
