The Gods of Eden William Bramley, 1989

Gods of Eden William Bramley, 1993-03-01 They Came To Earth Millions Of Years Ago To Spread The Poison Of Hatred, War And Catastrophe... They Are With Us Still... Human history is a seemingly endless succession of bloody conflicts and devastating turmoil. Yet, inexplicably, in the light of astonishing intellectual and technological advancement, Man's progress has been halted in one crucial area: he still indulges the primitive beast within and makes war upon his neighbors. As a result of seven years of intense research, William Bramley has uncovered the sinister thread that links humanity's darkest events - from the wars of the ancient pharaohs to the assassination of JFK. In this remarkable, shocking and absolutely compelling work, Bramley presents disturbing evidence of an alien presence on Earth -- extraterrestrial visitors who have conspired to dominate Humankind through violence and chaos since the beginning of time...a conspiracy which continues to this very day.

Mysteries Explored Jack Barranger, Paul Tice, 2000 An overall investigation into human origins, religion, mythology, UFOs, and other unexplained phenomena. Begins by covering the most ancient mysteries about mankind and proceeds up to modern times, exploring the evidence, and ending with where we currently are from a religious and spiritual standpoint. A fascinating look at the development of mankind, with the possibility that we have experienced some form of outside intervention in remote times. In some ways, this intervention may still be with us today.

They Would Be Gods Anthony K. Forwood, 2011

The Abyss, The Rebellion of Sakla Frederick Guttman, This first part of this saga summarizes the references of the most significant mythologies in the world that speak about the Creation of the world and the appearance of evil with all its forces and entities. The Sakla Rebellion includes passages that explain what the Kingdom of Heaven is like and who inhabits it. In a chronological way, it narrates the events that took place before the Earth existed as such and where the great links of science about the beginnings of life lie. This first work shows how the gods and the laws of nature emerged, giving rise not only to this orb, but also to the solar system.

Architects of the Underworld Bruce Rux, 1996 By painstakingly following the long international paper trails that connect such apparently unrelated manifestations and occurrences as crop circles, alien abductions, extraterrestrial activity, and many other modern mysteries, Bruce Rux uncovers a conspiracy of misinformation, denial, and silence among

government officials. 30 photos. 50 illustrations.

The Art of Deception is the Rule of Life Albert Amao Soria Ph.D.,2024-07-09 This book is a spiritual journey of self-discovery for those open-minded and willing to embrace the truth, even if it means confronting deep-rooted false beliefs inherited from our ancestors. It is a call to step out of the comfort of blissful ignorance and into the light of personal enlightenment. Ignoring the truth may provide temporary solace, but it can lead to greater despair and fear in the long term. This existential gap is usually filled with religions, myths, and legends; however, these stories may not be entirely factual. Nevertheless, they provide solace and a sense of purpose in life, so they are often considered well-intentioned, pious fiction. Many desire to know the truth, but few are genuinely prepared to handle it. This book challenges many core beliefs and convictions held as accurate; it may lead to existential conflict. As King Solomon wisely said, "For with much wisdom comes much sorrow; the more knowledge, the more grief" (Ecclesiastes 1:18). These words resonate with the essence of this book, inviting you to embark on a journey of self-discovery and truth-seeking. It highlights the transformative potential of this process, as those who can confront the truth honestly undergo a psychological catharsis—a liberation of erroneous assumptions. Thus, this book is not for the faint of heart. More than 2,500 years ago, Buddha stated that life is an illusion, and today's most accurate science, quantum physics, asserts that we live in virtual reality. The truth can challenge our deepest convictions and induce confusion because we live based on false assumptions imposed by our ancestors, mass media, outdated education systems, and traditional erroneous beliefs.

How Did God Do It? Walt Huber,Rose Huber,2013-12 Have you ever wondered... How Did God Do It? How did God perform the many miracles and supernatural events described in the Holy Bible — without violating the laws of physics and chemistry that He Himself put into place? And without conflicting with the basic tenets of Judaism and Christianity? This book proposes a theory that marries faith and rationality in a symphony of science and scripture.

Science of Spirit Robert Donald Tonelli,2011-01-17 Beyond the Secret... Beyond the Power of Now... is the Science of Spirit...a Deeper look at life. Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery? Science of Spirit:

Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang. It clarifies the connectedness of all life with Science and to Spirit through the understanding of world-old Hermetic Teachings in a balance of Reason and Faith. Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life. Consciousness and the energy that makes up matter are inextricably combined or linked, emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality. The universe isn't made of things or particles. It's a process. It's made up of events. The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super-conscious species of humanity moving through an Omega Point in time between 2011-- 2013. These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy. Our accelerating consciousness is moving to a quantum existence of Spirit-in-Mass. God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society. The Science of Spirit is based on my personal experience... my research... and my understanding of the ancient philosophy that this work comes from... It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by... I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society. This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life... A Science of Spirit that is inherent in Mother Nature... It goes in-depth about understanding What Consciousness Is! - An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment. It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth. This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit. It explains from a new perspective, this battle between the Forces of Good and Evil at The End of Time. This Ancient Science of Spirit philosophy explains how the primeval forces of life [Spirit] that are inherent in Mother Earth growing for 16.4 billion years are pitted against the dogmatic, stagnant, god-fearing personalities, that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet. This is a real life battle between evolving evolutionary beings against the Anti-Christ Social Consciousness of The Multi-National Corporations. Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind. I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the

real battle of Armageddon. This ancient Science

The Encyclopedia of Moon Mysteries Constance Victoria Briggs, 2019-03-19 Our moon is an enigma. The ancients viewed it as a light to guide them in the darkness, and a god to be worshipped. In modern times, it has been taught that the Moon is simply a dead rock that is caught in Earth's gravity, with no activity. As a researcher of metaphysical, paranormal and cosmic subjects, I have come across stories and information about the Moon that tell us that indeed there is activity there, and there has been for generations. Just who or what is causing the commotion is a mystery. There are stories that suggest that the Moon is home to extraterrestrials, theories that it is not a natural satellite, tales of anomalous lights, and tales that NASA astronauts saw extraterrestrial ships and ruins of an ancient civilization there. There is a rumor that Apollo 13 was saved by extraterrestrials. Another story states that there are extraterrestrial bases on the Moon. There is even a tale that states that a part of the kingdom of Atlantis was once located there. Some even believe that there are cities beneath the surface of the Moon. There is an interesting account of a government employee using remote viewing as a means of seeing what is on the Moon. His experience is eye-opening! This is just a sample of the information that will be in The Encyclopedia of Moon Mysteries: Secrets, Conspiracy Theories, Anomalies, Extraterrestrials and More. For example, did you know that: • Aristotle and Plato wrote about a time when there was no Moon? They even gave a name of an ancient tribe of people that lived during that moonless period. • several of the NASA astronauts reported seeing UFOs while traveling to the Moon? • the Moon might be hollow? • Apollo 10 astronauts heard strange "space music" when traveling on the far side of the Moon? • strange and unexplained lights have been seen on the Moon for centuries? • there are said to be ruins of structures on the Moon? • there is an ancient tale that suggests that the first human was created on the Moon? • that radio signals have been detected coming from the Moon? • that famed astronomer Sir John Herschel saw unidentified lights above the Moon during an eclipse? • that ancient Bolivian symbols tell us that the Moon came into Earth's orbit around 12,000 years ago? • a psychic was used by the government to relay information about the Moon? The book is separated into A to Z sections for easy reference and reading.

The Alignment Steve Scott Sr.,2012-05-10 Map Detailing Ancient Olmec and Maya States that Rimmed the Gulf of Mexico It seems that the human race has an abiding tendency to know what surrounds our often routine, mundane lives. There is an even greater tendency to involve ourselves in perceived mystery, particularly when it involves prophecy and doomsday scenarios. The astronomical Alignment on December 21, 2012 is just such an event that encompasses all the elements of a great mystery, including doomsday prophecy and more. The book chronicles what a group of noted scientists say we can expect to happen, as the sun and earth align with the center of our own galaxy. The reader is cautioned to hold on tight, and be mentally prepared for mind-bending surprises, as a cabal of our best scientific minds slug it out over the portent of the Alignment during a symposium at the Institute for Advanced Study, Princeton, NJ.

The Father Confusors Renford,2010-09-15 The author has published many books, articles and essays that take a metaphysical approach to interpreting ancient texts such as the Vedas, the Dhampravada, the Tao Teh Ching and the Bible. He follows no theological dogma nor adopts any philosophical school. He teaches in the Renford books and in the Institute of Applied Metaphysics that taking a single approach to exclusion of any other will not produce an accurate picture. Some text must be taken metaphysically, some as historical and some as physical events in which the witness had little or no point of reference comparable to ours. In any other approach, one will be interpreting based on a fixed religious tradition or a philosophical bias. We have seen many variations on the idea that alien intervention has taken place in our ancient history but this author has gone into greater depth on the difference between Universal Being and the warrior gods depicted in the ancient texts.

Ultimate Deceit of the Human Race Ezzrath Baht Shem,2001

Planet of Gold Andreas Paris,2008-12 Planet of Gold is a fascinating and meticulously researched account of the first stirrings of the Earth, when alien gods mastered our universe. Paris' hypothesis of these gods sending tons of gold from our planet may challenge your beliefs, but with great skill, he weaves a believable and astounding conclusion of why religions developed and how these beliefs have become permanently intertwined in our history. The gold of Earth, transformed into a monatomic super conducting gold powder, could bring health and longevity. Additionally, it was a powerful and clean energy source. The knowledge about gold powder was the explicit privilege of the gods. For us, it has been classified as 'forbidden knowledge.' The gold, and the gold powder, was the reason behind such events as the creation of man, the confusion of the tongues, the destruction of cities, and the introduction of religions, like Christianity and Islam. Their action, to violently deprive us from using gold powder, is visible in our current state of being: a world dominated by diseases, mental enslavement by religious dogmas, and pollution leading to a climate crisis. Paris' book is a stunningly revealing look at ancient kings, prophets and agents, secret societies, the Holy Inquisition, the Bible, and other religious teachings. Planet of Gold will open your eyes to an entirely different way of observing your faith and your world. ABOUT THE AUTHOR-Andreas Paris lives with his wife and two children in Stockholm, Sweden. He is a retired IT Specialist and is currently working on a second volume about the Planet of Gold.

Extraterrestrial Legacies of God, Jesus, and the Angels Raphael-Seraphin Kutota Basisa,2024-01-03 About the Book In some way or form, this book is unassumingly a nicer and a more logical organization and interpretation of compounding

existing religious writings from a variety of walks of life. Herein, they are presented as proof drawn synthetically from those multitude of intellectual sources written over the last 4,000 years evidencing that the central figure of the persona translated as the reincarnation of almighty God of Israel himself in Christian literature is simply another Extraterrestrial Alien visiting Planet Earth for a purpose. Another visitor just like those well-known Anunnaki, the Elohim, the Nephilim, the Sons of God, the Watchers, the renegade Angels or other entities over several millennia ago. And, in the many ways how it is related to the current humanity's most pressing problem of whether we are alone and unique in the Cosmos as it is linked to the much-witnessed UFO encounters phenomenon. It also well outlined the latent consequences resulting from what is presented as postulate. About the Author Raphael-Seraphin Kutota Basisa currently resides in Lynn, Massachusetts. He would consider himself a futurist, a researcher, a world's concerned citizen, and a great human being. He is a chemical engineer by training and earned an MBA and an ABD in Applied Management and Public Policy. He has written and published several technical and non-technical documents, commentaries, articles, papers, and other books along the subjects of his expertise. He believes in extraterrestrial life in regard to religion. Basisa is a person whose research helped to recognize early on the theory that we are all descendants of Extraterrestrials and Cosmic religiosity should be recognized in modern theology.
