**El juego del dinero / Rich Dad's Who Took My Money?** Robert T. Kiyosaki,2016-08-30 Por qué los inversionistas lentos pierden ¡Y el dinero rápido gana! Por el autor de Padre Rico, Padre pobre, Robert T. Kiyosaki, autor bestseller de The New York Times. Entre más rápido se mueva tu dinero, más altas serán tus ganancias y menor el riesgo. La sabiduría financiera convencional recomienda ahorrar dinero e invertir a largo plazo; en otras palabras, estacionar tu dinero. Pero ese no fue el consejo del padre rico de Robert Kiyosaki; su consejo fue, iincrementar la velocidad del dinero! ENGLISH DESCRIPTION Learn what financial advisors don't want you to know! Robert's rich dad often told him: "The faster your money moves, the higher the returns and the lower your risk." Conventional financial wisdom recommends that you save money and invest for the long term. In other words: park your money. That was not rich dad's advice. He taught Robert to increase the velocity of my money. And, even if you start small, it's advice that anyone can follow and benefit from.

**Escapa de la carrera de la rata** Robert T. Kiyosaki,2014-11-18 Nunca eres demasiado joven para empezar. En este libro: aprenderás cuando trabajar para aprender, no para ganar; cimientas el camino para las oportunidades de hacer dinero; conoce los conceptos básicos sobre cómo hacer dinero creando activos y cómo lograr que el dinero trabaje arduamente para ti, de manera que tu no tengas que trabajar tan fuerte para conseguir dinero. ENGLISH DESCRIPTION Rich Dad series author Robert Kiyosaki, whose books have sold over 5 million copies, recognized the increasing need for people to begin their journey to financial literacy-and life-long wealth-as early as their preteen years. In Escape from the Rat Race, basic lessons about working to learn, not to earn', buying assets, and understanding a financial statement are revealed in a graphic format through the tale of Timid T. Turtle. When Tim runs out of cash at an amusement park, his savvy friend Red E. Rat shows him how to make money work for him'-and tells Robert Kiyosaki's own riveting account of learning the basic principles of lifelong financial success. Illustrated with full-color sequential art in the style of Rich Dad's popular CASHFLOW games and Web site, here is a book that gives kids (and reluctant readers of all ages) the chance to take their first steps toward financial freedom. From School Library Journal: Grade 3 Up-The authors of the bestselling Rich Dad, Poor Dad attempt to teach financial intelligence to children through colorful cartoon images and cute animal characters. However, the lessons are more suitable

for high school students. The authors tell readers to minimize their liabilities such as credit-card debt while building assets, such as starting their own businesses. Examples of the latter include charging classmates to read their comic books or for borrowing their bicycles. The lessons encourage financial intelligence, but seem to discourage readers from getting a traditional job and fail to mention the hard work and long hours involved in running one's own business.

EL JUEGO DEL DINERO FG(9788466323048) Robert T. Kiyosaki,2011-02-15 ¿Quieres aprender cómo y por qué los inversionistas profesionales aceleran sus operaciones financieras? ¿Sabías que la empresa de tu asesor financiero gana dinero incluso si tú estás perdiéndolo? Entre 2002 y 2003 millones de inversionistas perdieron entre siete y nueve billones de dólares. ¿Por qué? Porque muchos de ellos habían estacionado su dinero en la cuenta bancaria de sus asesores, siguiendo consejos financieros inteligentes. Por eso antes de que llegue la próxima caída de la Bolsa y de nuevo pierda su dinero descubra cómo puede mantenerlo en movimiento en lugar de tenerlo parado en la cuenta de alguien más. En la actualidad con la extrema falta de seguridad laboral nunca ha sido más importante tomar el control de su vida financiera. Si está listo para ser más que un inversionista promedio, entonces este libro le mostrará cómo hacer que su dinero trabaje más para usted. En El juego del dinero Robert T. Kiyosaki profundiza en el mundo de las inversiones para explicar que el dinero rápido es menos arriesgado, y cómo hacer para que se mantenga en movimiento constante.

**Padre Rico, Padre Pobre (Ed. 25 aniv)** Robert T. Kiyosaki,2012-03-02 Basado en el principio de que los bienes que generan ingreso siempre dan mejores resultados que los trabajos tradicionales, Robert Kiyosaki explica cómo pueden adquirirse dichos bienes para, eventualmente, olvidarse de trabajar. El libro #1 de finanzas personales. Con un estilo claro y ameno, este libro te pondrá en el camino directo al éxito financiero y así lograrás que el dinero trabaje para ti. Padre rico Padre pobre es el bestseller que revolucionó la forma de entender las finanzas personales. El autor y conferencista Robert Kiyosaki desarrolló una perspectiva económica única a partir de la exposición que tuvo a dos influencias: su propio padre, altamente educado pero muy inestable y el padre multimillonario, sin educación universitaria, de su mejor amigo. Los problemas monetarios que su Padre pobre experimentó toda la vida (con cheques mensuales muy respetables pero nunca suficientes) rompían con lo que le comunicaba su Padre rico: que la clase pobre y la clase media trabajan por dinero pero la clase alta, hace que el dinero trabaje para ellos. Kiyosaki presenta la filosofía detrás de esta relación excepcional con el dinero. Este libro aboga de manera convincente por el tipo de conocimiento financiero que nunca se enseña en las escuelas. Padre rico padres pobres lo ayudará a: -Derribar el mito de que usted necesita tener un ingreso elevado para hacerse rico. -Desafiar la creencia de que su casa es una inversión. -Mostrar a los padres por qué no confiar en el sistema escolar para la

enseñanza de sus hijos acerca del dinero. -Definir de una vez y para siempre qué es una inversión y qué es una obligación. - Mostrar qué enseñar a los hijos acerca del dinero para su futuro éxito financiero. Lo que ha dicho la crítica: Padre rico padre pobre es el punto de partida para quien quiera tomar el control de su futuro financiero. - USA Today
