Narcomedia Jason Ruiz, 2023-10-10 2024 Honorable Mention — The Victor Villaseñor Best Latino Focused Nonfiction Book Award – English, Empowering Latino Futures’ International Latino Book Awards Exploring representations of Latinx people from Scarface to Narcos, this book examines how pop culture has framed Latin America as the villain in America’s long and ineffectual War on Drugs. If there is an enemy in the War on Drugs, it is people of color. That is the lesson of forty years of cultural production in the United States. Popular culture, from Scarface and Miami Vice to Narcos and Better Call Saul, has continually positioned Latinos as an alien people who threaten the US body politic with drugs. Jason Ruiz explores the creation and endurance of this trope, its effects on Latin Americans and Latinx people, and its role in the cultural politics of the War on Drugs. Even as the focus of drug anxiety has shifted over the years from cocaine to crack and from methamphetamines to opioids, and even as significant strides have been made in representational politics in many areas of pop culture, Latinx people remain an unshakeable fixture in stories narrating the production, distribution, and sale of narcotics. Narcomedia argues that such representations of Latinx people, regardless of the intentions of their creators, are best understood as a cultural front in the War on Drugs. Latinos and Latin Americans are not actually America’s drug problem, yet many Americans think otherwise—and that is in no small part because popular culture has largely refused to imagine the drug trade any other way.

Pablo Escobar and Colombian Narcoculture Aldona Bialowas Pobutsky, 2025-02-18 In this exploration of Colombian

drug lord Pablo Escobar's impact on popular culture, Aldona Bialowas Pobutsky shows how Escobar's legacy inspired the development of narcocultura—television, music, literature, and fashion representing the drug-trafficking lifestyle—in Colombia and around the world.

Say What? Doreen Chila-Jones, 2017-10-03 Say What? is a compilation of 670 of the most memorable things that should never have been said. You'll find, of course, quotes from dictators, drug lords, and murderers, but much more shocking are the entries by Nobel Prize winners, religious leaders, and beloved icons. Doreen Chila-Jones has collected hundreds of extraordinary quotes, and everyone is fair game—even Mother Teresa: "I think it is very beautiful for the poor to accept their lot, to share it with the passion of the Christ. I think the world is being much helped by the suffering of the poor people." Say what?

Cocaina Magnus Linton, 2014-03-17 When Pablo Escobar, Colombia's "King of Cocaine," was killed, the world thought—or hoped—the cocaine industry would crumble. But ten years later the country's production had almost quadrupled, and since 2001, Colombia has produced more than 60% of all the cocaine consumed in the world. Cocaine is both a curse and a salvation for Colombians. Farmers grow coca for cash but fear discovery. Families must cooperate with drug-funded guerrillas or go on the run. Destitute teens become trained killers for a quick buck in a ruthless underworld where few survive for long. At the same time, tension grows between Colombia's right-wing government and its socialist neighbors in Latin America. With the failed US War on Drugs playing into this geopolitical brew, the future of cocaine is about more than what happens to street dealers and their customers. Based on three years of research and more than 100 interviews with growers, traffickers, assassins, refugees, police, politicians, and drug tourists, Cocaina is a brilliant work of journalism, and an insight into one of the world's most troubling industries.

Smiles And Slaughter: The Two Faces of Escobar John Levesley, 2025-05-18 Smiles and Slaughter: The Two Faces of Escobar is a powerful deep dive into one of the most complex and controversial figures of the modern world. Pablo Escobar was not just a criminal—he was a contradiction. To the poor, he was a provider. To the state, he was a threat. To history, he

remains both. This book takes you inside the world he built—one hand giving, the other taking. From the slums he supported to the silence he enforced, from the bread he delivered to the blood he spilled. Told in gripping detail, this is not just the story of a man, but of the vacuum he filled, the legacy he left, and the shadow he still casts across the world today. There are no heroes here. No villains either. Just power—and what people trade for it.

Using reviews and insights from highly recommended books that have transformed lives, the 4 Capitals of Success, catalogues skills, principles, and practices that can bring meaning and success to your personal life. The 4 Capitals is indeed full of everyday examples that can bring improvement and fulfilment to your life no matter where you are.

A Lexicon of Terror Marguerite Feitlowitz, 2011-01-01 Tanks roaring over farmlands, pregnant women tortured, 30,000 individuals disappeared--these were the horrors of Argentina's Dirty War. A New York Times Notable Book of the Year and Finalist for the L.L. Winship / PEN New England Award in 1998, A Lexicon of Terror is a sensitive and unflinching account of the sadism, paranoia, and deception the military junta unleashed on the Argentine people from 1976 to 1983. This updated edition features a new epilogue that chronicles major political, legal, and social developments in Argentina since the book's initial publication. It also continues the stories of the individuals involved in the Dirty War, including the torturers, kidnappers and murderers formerly granted immunity under now dissolved amnesty laws. Additionally, Feitlowitz discusses investigations launched in the intervening years that have indicated that the network of torture centers, concentration camps, and other operations responsible for the desaparecidas was more widespread than previously thought. A Lexicon of Terror vividly evokes this shocking era and tells of the long-lasting effects it has left on the Argentine culture.

Histories of Perplexity A. Ricardo López-Pedrerros, Lina Britto, 2024-03-19 By combining chronological coverage, analytical breadth, and interdisciplinary approaches, these two volumes—Histories of Solitude and Histories of Perplexity—study the histories of Colombia over the past two centuries as illustrations of the histories of democracy across the Americas. The volumes bring together over 40 scholars based in Colombia, the United States, England, and Canada working in various disciplines to discuss how a country that has been consistently presented as a rarity in Latin America provides critical examples to re-examine major historical problems: republicanism and liberalism; export economies and agrarian

modernization; populism and cultural politics of state formation; revolutionary and counterinsurgent Cold War violence; neoliberal reforms and urban development; popular mobilization and counterhegemonic public spheres; political ecologies and environmental struggles; and labors of memory and the challenge of reconciliation. Contributors are sensitive to questions of subjectivity and discourse, observant of ethnographic details and micro-politics, and attuned to macro-perspectives such as transnational and global histories. These volumes offer fresh perspectives on Colombia and will be of great value to those interested in Latin American and Caribbean history.

Intercultural Screen Adaptation Stewart Michael Stewart, 2020-03-27 *Intercultural Screen Adaptation* offers a wide-ranging examination of how film and television adaptations (and non-adaptations) interact with the cultural, social and political environments of their national, transnational and post-national contexts. With screen adaptations examined from across Britain, Europe, South America and Asia, this book tests how examining the processes of adaptation across and within national frameworks challenges traditional debates around the concept of nation in film, media and cultural studies. With case studies of films such as *Under the Skin* (2013) and *T2: Trainspotting* (2017), as well as TV adaptations like *War and Peace* (2016) and *Narcos* (2015 - 2017), *Intercultural Screen Adaptation* offers readers an invigorating look at adaptations from a variety of critical perspectives, incorporating the uses of landscape, nostalgia and translation.

The Blessing Next to the Wound Hector Aristizabal, 2010-09-08 The story of a torture survivor from Colombia who has dedicated his life to healing the pains of others. Shockingly honest, heartbreaking, and vibrantly told, *The Blessing Next to the Wound* is a passionate and evocative memoir that, amid enormous suffering and loss, is a full-throated affirmation of life.

Netflix's Speculative Fictions Colin Jon Mark Crawford, 2020-12-10 *Netflix's Speculative Fictions: Financializing Platform Television* argues that Netflix's scaled expansion has hinged upon its ability not only to create, but more importantly to communicate, new forms and flows of potential value in platform capitalism, wherein capital is mobilized not only from direct revenue streams but also the new value assigned to inputs and investments of data, debt, attention, behavior, taste, time, sociality, and speculation. To interpret and critique these new communications and projections of value, Colin Jon Mark Crawford performs a discursive analysis of the platform television industry leader Netflix and its 'investor lore': the multi-sited narrative of value found in the company's investor relations materials and corporate communications, such as letters to shareholders, financial earnings reports, executive interviews, press releases, and blog posts. Netflix best represents the increasingly ubiquitous nexus of culture, tech, and finance industries that is platform television. To better understand the emergent financial logics of this relatively new media industry, we must first understand the speculative narratives and discourses of value which organize it. Scholars of media studies, television studies, technology studies, and economics will find this book particularly useful.

Latin America's Contested Pasts in Telenovelas and TV Series Mónica Contreras Saiz, Stefan Rinke, 2024-12-30 In Latin

America, the production of telenovelas and TV series about the region's recent and traumatic past has grown considerably in the last 20 years, affecting societal perceptions of the past, historical consciousness, and political culture. While these TV products are usually perceived as trivial, they do provide a historical framework to a wide audience, which finds it easier to relate to the national past through fiction than through history books, journalistic articles or documentaries. Latin America's Contested Pasts in Telenovelas and TV Series analyzes the historical culture of Latin American society embodied in telenovelas and TV series from the 1960s to this day. It compiles regional case studies on the televised representation of 20th-century dictatorships in Chile, Argentina, and Brazil, as well as the war against drug trafficking and the armed conflict in Colombia. Highlighting the political and social relevance of fictional television, the contributions offer interdisciplinary insights into its discourses and narratives, from the heroization of criminals to the search for reconciliation and the construction of a historical memory.

Making Peace in Drug Wars Benjamin Lessing, 2018 State crackdowns on drug cartels often backfire, producing entrenched 'cartel-state conflict'; deterrence approaches have curbed violence but proven fragile. This book explains why.

Sports Off-Center Ken Widmann, Dan Appel, 2006 A whimsical parody of modern-day sports culture presents a compilation of fake articles, editorials, transcripts, photographs, ads, and other features from a fictional sports magazine, skewering the follies and foibles of America's sports obsessions. Original. 20,000 first printing.

Mexican Drug Violence Teun Voeten, 2020-11-29 "Brutally honest... a deeply extraordinary and original work." - SEBASTIAN JUNGER. With an estimated 250,000 people killed in 15 years, the Mexican drug war is the most violent conflict in the Western world. It shows no sign of abating. In this book, Dr Teun A. Voeten analyzes the dynamics of the violence. He argues it is a new type of war called hybrid warfare: multidimensional, elusive and unpredictable, fought at different levels, with different intensities with multiple goals. The war ISIS has declared against the West is another example of hybrid warfare. Voeten interprets drug cartels as ultra-capitalist predatory corporations thriving in a neoliberal, globalized economy. They use similar branding and marketing strategies as legitimate business. He also looks at the anthropological, individual level and explains how people can become killers. Voeten compares Mexican sicarios, West African child soldiers and Western jihadis and sees the same logic of cruelty that facilitates perpetrating 'inhumane' acts that are in fact very human.

Experiencing Cities Mark Hutter, 2015-12-22 This extraordinary text for undergraduate urban students is a reflection of Mark Hutter's academic interests in urban sociology and his life-long passion for experiencing city life. His deep academic roots in the Chicago School of Sociology help inform and appreciate the variety of urban structures and processes and their effect on the everyday lives of people living in cities. This text, however, extends the Chicago School perspective by combining its traditions with a social psychological perspective derived from symbolic interaction and also with a macro-level

examination of social organization, social change, stratification and power in the urban context, informed by political economy. This entirely new, 3rd Edition has a global outlook on city life, and a visual presentation unmatched among books in this genre.
