Historical Dictionary of Australia Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development, from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large-scale immigration. Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the "coalition of the willing" in the U.S. invasion of Iraq in 2003 and in operations in Afghanistan. In recent years, it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors. This fourth edition of Historical Dictionary of Australia covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Australia.

Refugee Journeys Jordana Silverstein, Rachel Stevens, 2021-02-04 *Refugee Journeys* presents stories of how governments, the public and the media have responded to the arrival of people seeking asylum, and how these responses have impacted refugees and their lives. Mostly covering the period from 1970 to the present, the chapters provide readers with an understanding of the political, social and historical contexts that have brought us to the current day. This engaging collection of essays also considers possible ways to break existing policy deadlocks, encouraging readers to imagine a future where we carry vastly different ideas about refugees, government policies and national identities.

Ministerial Careers and Accountability in the Australian Commonwealth Government Keith M. Dowding, Chris Lewis, 2012-09-01 This book examines the roles, responsibilities and accountabilities of Australian cabinet ministers. It examines the sorts of jobs ministers do, what is expected of them, what they expect of the job and how they (are supposed to) work together as a team. It considers aspects of how they are chosen to become ministers; how they are scrutinised by parliament and the media; and how ministers themselves view accountability. It also looks at the causes of calls for ministers to resign, examines scandals around ministers and assesses ministerial accountability.

Trapped by History Darryl Cronin, 2021-04-15 The Australian nation has reached an impasse in Indigenous policy and practice and fresh strategies and perspectives are required. *Trapped by History* highlights a fundamental issue that the Australian nation must confront to develop a genuine relationship with Indigenous Australians. The existing relationship between Indigenous people and the Australian state was constructed on the myth of an empty land – terra nullius. Interactions with Indigenous people have been constrained by eighteenth-century assumptions and beliefs that Indigenous people did not have organised societies, had neither land ownership nor a recognisable form of sovereignty, and that they were 'savage' but could be 'civilized' through the erasure of their culture. These incorrect assumptions and beliefs are the foundation of the legal, constitutional and political treatment of Indigenous Australians over the course of the country's history. They remain ingrained in governmental institutions, Indigenous policy making, judicial decision making and

contemporary public attitudes about Indigenous people. Trapped by History shines new light upon historical and contemporary examples where Indigenous people have attempted to engage and dialogue with state and federal governments. These governments have responded by trying to suppress and discredit Indigenous rights, culture and identities and impose assimilationist policies. In doing so they have rejected or ignored Indigenous attempts at dialogue and partnership. Other settler countries such as New Zealand, Canada and the United States of America have all negotiated treaties with Indigenous people and have developed constitutional ways of engaging cross culturally. In Australia, the limited recognition that Indigenous people have achieved to date shows that the state is unable to resolve long standing issues with Indigenous people. Movement beyond the current colonial relationship with Indigenous Australians requires a genuine dialogue to not only examine the legal and intellectual framework that constrains Indigenous recognition but to create new foundations for a renewed relationship based on intercultural negotiation, mutual respect, sharing and mutual responsibility. This must involve building a shared understanding around addressing past injustices and creating a shared vision for how Indigenous people and other Australians will associate politically in the future.

The Australian Security Intelligence Organization Frank Cain, 2012-11-12 This book traces the history of Australia's highly secret Intelligence Security Organisation. Established in the early days of the Cold War, like most intelligence organisations working under covert conditions, it exceeded the vague powers entrusted to it. It has been the subject of two Royal Commissions in Australia and in recent times several acts of Parliament have been passed in order to make it more accountable to Australia's government and its citizens.

Commonwealth Responsibility and Cold War Solidarity Dan Halvorson, 2019-01-01 Australia's engagement with Asia from 1944 until the late 1960s was based on a sense of responsibility to the United Kingdom and its Southeast Asian colonies as they navigated a turbulent independence into the British Commonwealth. The circumstances of the early Cold War decades also provided for a mutual sense of solidarity with the non-communist states of East Asia, with which Australia mostly enjoyed close relationships. From 1967 into the early 1970s, however, Commonwealth Responsibility and Cold War Solidarity demonstrates that the framework for this deep Australian engagement with its region was progressively eroded by a series of compounding, external factors: the 1967 formation of ASEAN and its consolidation by the mid-1970s as the premier regional organisation surpassing the Asian and Pacific Council (ASPAC); Britain's withdrawal from East of Suez; Washington's de-escalation and gradual withdrawal from Vietnam after March 1968; the 1969 Nixon doctrine that America's Asia-Pacific allies must take up more of the burden of providing for their own security; and US rapprochement with China in 1972. The book shows that these profound changes marked the start of Australia's political distancing from the region during the 1970s despite the intentions, efforts and policies of governments from Whitlam onwards to foster deeper engagement. By 1974, Australia had been pushed to the margins of the region, with its engagement premised on a broadening but shallower

transactional basis.

The A to Z of Australian Radio and Television Albert Moran,Chris Keating,2009-08-04 Australians have become increasingly visible outside of the country as speakers and actors in radio and television, their media moguls have frequently bought up foreign companies, and people around the world have been able to enjoy such Australian productions as The Flying Doctors, Neighbours, and Kath and Kim. The origins, early development, and later adaptations of radio and television show how Australia has gone from being a minor and rather parochial player to being a significant part of the international scene. The A to Z of Australian Radio and Television provides essential facts and information concerning the Australian radio and television industry. This is accomplished through the use of a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on directors, producers, writers, actors, television and radio series, and television and radio stations.

This book will be helpful to general readers to understand the system of government which prevails and something of the working of its organs.

Australian Soldiers in South Africa and Vietnam Effie Karageorgos,2016-03-24 The South African and Vietnam Wars provoked dramatically different reactions in Australians, from pro-British jingoism on the eve of Federation, to the anti-war protest movements of the 1960s. In contrast, the letters and diaries of Australian soldiers written while on the South African and Vietnam battlefields reveal that their reactions to the war they were fighting were surprisingly unlike those on the home fronts from which they came. Australian Soldiers in South Africa and Vietnam follows these combat men from enlistment to

the war front and analyses their words alongside theories of soldiering to demonstrate the transformation of soldiers as a response to developments in military procedure, as well as changing civilian opinion. In this way, the book illustrates the strength of a soldier's link to their home front lives.

The Politics of Furniture Fredie Floré, Cammie McAtee, 2017-02-10 In many different parts of the world modern furniture elements have served as material expressions of power in the post-war era. They were often meant to express an international and in some respects apolitical modern language, but when placed in a sensitive setting or a meaningful architectural context, they were highly capable of negotiating or manipulating ideological messages. The agency of modern furniture was often less overt than that of political slogans or statements, but as the chapters in this book reveal, it had the potential of becoming a persuasive and malleable ally in very diverse politically charged arenas, including embassies, governmental ministries, showrooms, exhibitions, design schools, libraries, museums and even prisons. This collection of chapters examines the consolidating as well as the disrupting force of modern furniture in the global context between 1945 and the mid-1970s. The volume shows that key to understanding this phenomenon is the study of the national as well as transnational systems through which it was launched, promoted and received. While some chapters squarely focus on individual furniture elements as vehicles communicating political and social meaning, others consider the role of furniture within potent sites that demand careful negotiation, whether between governments, cultures, or buyer and seller. In doing so, the book explicitly engages different scholarly fields: design history, history of interior architecture, architectural history, cultural history, diplomatic and political history, postcolonial studies, tourism studies, material culture studies, furniture history, and heritage and preservation studies. Taken together, the narratives and case studies compiled in this volume offer a better understanding of the political agency of post-war modern furniture in its original historical context. At the same time, they will enrich current debates on reuse, relocation or reproduction of some of these elements.

Australian Adventure Anne Clark, 2013-10-11 From August 1965 to February 1968, during his period of service in Australia, Ambassador Edward Clark traveled in that country as no other American and probably few Australians ever have. His wife, Anne Clark, traveled with him, then wrote her observations and impressions to friends and family in the United States. Her letters, published for the first time in this volume, reveal the isolations and involvements as well as the opportunities and the pleasures of embassy life. The etiquette of official functions at times posed problems, as in the Clarks' first black-tie dinner with the Acting Governor General, where Mrs. Clark was supposed to curtsy. Some Ambassadors feel strongly that the representative of the President of the United States should never bend his knee (or rather his wife's) to any man. Mrs. Battle, wife of our predecessor ... put the question directly to President Kennedy. His answer to her was, 'Curtsy you must, but keep a stiff upper knee.' Soon, Anne Clark realized that the routine of appearances and entertainments was constant: I do not know when I will make peace with the schedule. I am a slave to the little black book that is my calendar. In

addition to the intricacies of embassy life, the Clarks encountered much that was unfamiliar—new people, almost a new language, new flowers, new animals—even a sky with its new moon upside down. But their warm hospitality and genuine interest in things Australian attracted friends throughout the continent. Figures from the government, the church, the diplomatic circle, and everyday life, plus well-known guests from home, all become known to the reader in this perceptive account of official life from the inside.

We Who Proudly Served Peter Francis Kenny, 2015-05-27 Although Australia is only a young country in comparison to other nations, it can hold its head up high and proudly proclaim that it is one of the giants in this world of toil and trouble in which we live. When the odds are stacked against Australians, they don't turn and run; instead, they stand and fight and overcome the obstacles that face them. The contents of this volume are a tribute to all the men and women of this proud and great country, who have come from all walks of life to give of their time, and unfortunately, some have even given their lives, to defend this great land and keep it free. There have been politicians, doctors, nurses, police officers, average everyday citizens, musicians, actors, artists, farmers, graziers, authors, sportsmen and women, journalists, and a host of others who have taken up the cause for their country and the monarchy, serving from the Crimean to the war in Vietnam and beyond. Their heroic deeds and their many sacrifices have ensured that today's generation can rest easier, proud in the knowledge that these servicemen and women have paved the way for our freedom. Now they come together once again as one big family to shed an insight on their achievements so that you can fully understand and appreciate what they have and had experienced. I dedicate this work to the memory of all those who have made the supreme sacrifice in order that we may live in peace and prosperity and also to the families of those who did not return. The book is not a glorification of war but a glorification of the individual and his or her actions and deeds.

Australian Dictionary of Biography, Volume 19 Melanie Nolan, 2021-03-09 Volume 19 of the Australian Dictionary of Biography (ADB) contains concise biographies of individuals who died between 1991 and 1995. The first of two volumes for the 1990s, it presents a colourful montage of late twentieth-century Australian life, containing the biographies of significant and representative Australians. The volume is still in the shadow of World War II with servicemen and women who enlisted young appearing, but these influences are dimming and there are now increasing numbers of non-white, non-male, non-privileged and non-straight subjects. The 680 individuals recorded in volume 19 of the ADB include Wiradjuri midwife and Ngannawal Elder Violet Bulger; Aboriginal rights activist, poet, playwright and artist Kevin Gilbert; and Torres Strait Islander community leader and land rights campaigner Eddie Mabo. HIV/AIDS child activists Tony Lovegrove and Eve Van Grafhorst have entries, as does conductor Stuart Challender, 'the first Australian celebrity to go public' about his HIV/AIDS condition in 1991. The arts are, as always, well-represented, including writers Frank Hardy, Mary Durack and Nene Gare, actors Frank Thring and Leonard Teale and arts patron Ian Potter. We are beginning to see the effects of the steep rise in

postwar immigration flow through to the ADB. Artist Joseph Stanislaw Ostoja-Kotkowski was born in Poland. Pilar Moreno de Otaegui, co-founded the Spanish Club of Sydney. Chinese restaurateur and community leader Ming Poon (Dick) Low migrated to Victoria in 1953. Often we have a dearth of information about the domestic lives of our subjects; politician Olive Zakharov, however, bravely disclosed at the Victorian launch of the federal government's campaign to Stop Violence Against Women in 1993 that she was a survivor of domestic violence in her second marriage. Take a dip into the many fascinating lives of the Australian Dictionary of Biography.
