

Diccionario De Lenguaje De Seas Argentino

H Kauffman

Sign Languages of the World Julie Bakken Jepsen, Goedele De Clerck, Sam Lutalo-Kiingi, William B. McGregor, 2015-10-16
Although a number of edited collections deal with either the languages of the world or the languages of particular regions or genetic families, only a few cover sign languages or even include a substantial amount of information on them. This handbook provides information on some 38 sign languages, including basic facts about each of the languages, structural aspects, history and culture of the Deaf communities, and history of research. This information will be of interest not just to general audiences, including those who are deaf, but also to linguists and students of linguistics. By providing information on sign languages in a manner accessible to a less specialist audience, this volume fills an important gap in the literature.

Engrirse con el lenguaje Rafael Saldivar Arreola, Luis Daniel Escobar Lopez Dellamary, Andres Acosta Felix, Miroslava Cruz Aldrete, Erik Franco Trujillo, Sergio Ibanez Cerda, Clementina Merced Yolanda Lastra y Villar y Garcia Gomez, Pedro Martin Butragueno, Alfonso Medina Urrea, Armando Mora Bustos, Alejandra Itzel Ortiz Villegas, Niktelol Palacios Cuahtecontzi, Antonio Reyes Perez, Veronica Reyes Taboada, Ignacio Rodriguez Sanchez, Julio Cesar Serrano Morales, Gerardo Eugenio Sierra Martinez, 2025-01-07 Celebro con la Universidad de Sinaloa este volumen dedicado a la memoria de Everardo Mendoza. Nada más justo que varios de sus amigos y alumnos se hayan reunido para recordarlo, mostrando su aprecio y, en varios casos, su papel en la investigación contemporánea acerca de la lengua española en Sinaloa en particular, en el Noroeste en general. Como comentan Rafael Saldívar Acosta y Antonio Reyes Pérez en su contribución a este volumen, «es indudable que una de las aportaciones más importantes en la destacada labor de Everardo Mendoza fue la consolidación del habla del noroeste como una variante dialectal legítima, con rasgos emblemáticos y con situaciones de contacto particulares que la diferencian de otras variantes y la sitúan como un habla atrayente, aunque, lastimosamente, poco representativa del español mexicano». Su valoración es justa: Everardo Mendoza no solo consolidó el interés por el español del noroeste mexicano, sino que dejó una herencia de datos y exposiciones cuyo valor para su conocimiento es imperecedero: desde El habla de Sinaloa, materiales para su estudio, en colaboración con Maritza López Berrios (1997), El léxico de Sinaloa (2002), «Notas sobre el español del Noroeste» (2004), El habla de Culiacán (2011), Como dicen en el pueblo: ¡Ya dilo!: acercamientos al español sinaloense (2014); y su discurso de ingreso a la Academia Mexicana de la Lengua, titulado «Léxico, identidad y diccionario» hasta, finalmente, el Diccionario del léxico regional de Sinaloa, lamentable e injustamente bloqueada

su edición en esa Academia, además de muchos artículos y cuatro novelas.

Arquitectura de la escuela de sordos María Ignacia Massone, Marina Simon, Juan Carlos Druetta, 2003-08 Una mirada desde ciencias sociales sobre los sordos y su educación. Se trata de repensar para qué, cómo, dónde, qué y a quiénes enseñamos. Arquitectura supone un encuentro entre variables normativas, contextuales, poblacionales, etc. y el modelo ideal. Los autores se proponen deconstruir supuestos y usar esta metáfora para pensar en algunas dimensiones de la escuela de sordos. Se presenta un modelo educativo intercultural multilingüe y sus fundamentos. Una obra que capitaliza años de investigación en el área y la sólida experiencia de tres especialistas de primera línea.

Español hablado Luis Cortés Rodríguez, 1996

Linguistics and Language Behavior Abstracts, 1996

¿Está bien dicho? María López García, 2023-04-04 ¿Se puede decir ghostear? ¿Se dice imprimido o impreso, castellano o español? ¿Está bien escribir garage o debo poner garaje? ¿Por qué el Word me corrige la conjugaciones en vos? Los hablantes de español se hacen infinitas preguntas sobre cómo hablar y escribir su lengua. Esto está muy bien, porque, como sabemos, en la duda está el comienzo de todo conocimiento. Pero ¿quién da las respuestas a todas estas interrogantes? Y, más aún, ¿por qué será que dudamos tanto? María López García combina erudición y humor para llevarnos por un camino del que ningún hablante de nuestra lengua saldrá indiferente. ¿Está bien dicho? es un libro para que dudemos menos y cuestionemos más, reafirmando la premisa de que la lengua no existe en ningún otro lado que no sea en cada uno de nosotros, sus hablantes.

Bibliografía argentina Latbook Librería García Cambeiro, 1998

Manos a la obra: lengua de señas, comunidad sorda y educación Miroslava Cruz-Aldrete, 2015-03-24 Las investigaciones que componen el presente volumen giran en torno a tres ejes principales: el estudio de las lenguas de señas, la comunidad sorda y la educación del sordo; y abordan aspectos tales como la organización cerebral de las lenguas de señas, sus aspectos estructurales, la comunicación mediática, aspectos históricos y la situación actual y futura de la enseñanza, entre otros. Los autores nos presentan una muestra de temas que se han discutido desde hace décadas en este ámbito. Si bien provienen de diferentes disciplinas y ámbitos de estudio e investigación, así como de diferentes universidades nacionales y extranjeras, tienen en común el interés por la comunidad sorda y su lengua. Es de destacar la participación de compañeros y colaboradores sordos en estas investigaciones, va por ellos y para ellos. Participan: Héctor Chávez Rivera, Miroslava Cruz-Aldrete, Johan Cristian Cruz Cruz, Mónica Curiel, Ma. del Pilar Fernández-Viader, Ignacio Garnica-Dovala, María Ignacia Massone, Ana María Ojeda Salazar, Jordi Serrat Manén, Carlos Vera Flores, Miguel Ángel Villa-Rodríguez

Voces de la lingüística mexicana contemporánea Niktelol Palacios,2019 El objetivo central de este libro es contribuir a llenar el vacío de la bibliografía introductoria en la lingüística mexicana. Se brindan para ello temáticas distintas, se plantean muchas y diversas preguntas de investigación, se ofrecen diferentes marcos teóricos, métodos de trabajo e incluso estilos de redacción para responderlas; se plantea un acercamiento a la fonología del zapoteco, a la lengua de señas mexicana, al tratamiento del español desde la sintaxis, la semántica, la terminología y el discurso; se ofrecen posibilidades de análisis desde la ingeniería lingüística, la dialectología perceptual y la historia de la lexicografía. Mirado como un todo, este libro plantea un rico mosaico de inquietudes e invita al lector a sumarse al eco de nuestras Voces...
