

God And Quantum Physics

Judd E. Hollander

God - Simple English Wikipedia, the free encyclopedia God is a being or spirit worshipped as a deity. God is considered to be the creator of the universe in some religions. Theists believe that God created everything that exists and has ever existed. In Islam God is the originator, creator and sustainer of everything and all things. Theists believe God is immortal (cannot die) and has power without limits. [1] Deism is the belief that God exists ... *Existence of God | History, Philosophy, & Arguments | Britannica* Existence of God, in religion, the proposition that there is a supreme being that is the creator or sustainer or ruler of the universe and all things in it, including human beings. In many religions God is also conceived as perfect, all-powerful and all-knowing, and the source and ultimate ground of morality.
