Who are some of your favorite professors at Berkeley, and what ... Who are some of your favorite professors at Berkeley, and what did you love about them and their classes? *Rutgers has its own internal RateMyProfessor : r/rutgers - Reddit* Nov 2, 2018 · Ok I looked at the worst professor I have ever had in my life, (this is a very common opinion held among my classmates that were in the same class)and he has perfect ratings. I can see some of these ratings being students just filling out reviews quickly and not actually accurately critiquing the professor. **how much do you trust rate my professors? : r/college - Reddit** Nov 15, 2022 · Rate my professor is one data point. It tends to work better for gen-Ed's and weed out classes. It's great for first years that need aggregated info about who to avoid. It'll tell you if a professor routinely ask the class to stay late or locks the doors 5 minutes after class start. Reading the comments is more helpful than the rating. *Who is the best professor you have had in your time at UCSD?* Janine, Suraj, Justin and Marina. Couldnt have asked for better professors during my time at ucsc, all teach extremely well and are very caring/accomodating. Janine once personally went through all the homework submissions during a week, saw a common mistake, made notes for everyone that did it and allowed them to resubmit for the next 2 days. *Do professors actually view & read their ratings on ... - Reddit* On rate my Professor, however, reviews on the professor couldn't be more wrong. Of course, I'm not saying the professor was flawless and some criticism of the professor was valid, however, if one puts their grade as anything below a B and negatively rated a professor, I'm hesitant. *How scary is a bad "rate my professor" review? - Reddit* Rate my Professor is like Amazon reviews. People are more likely to give a rating if the experience was great or awful than if it was mediocre/fine, and a few bad reviews are usually just from people who failed because they didn't do any work. If a lot of the reviews are negative though, it can be a real problem they have. Poor Rating on Rate my Professor... : r/college - Reddit Rate my Professor is good for finding clear descriptions of how an instructor organizes the class and what kind of material they assign. *Professors at ASU : r/ASU - Reddit* A short guide on how to select professors at ASU I WISH I HAD KNOWN THIS BEFORE MY FIRST AND SECOND YEAR. Go to rate my professor and check his name for ASU, IF you don't see it, check similar names for colleges in Arizona, chances are that they are a transfer or a new hire. Reddit also works but chances of people being salty are higher. If

Bad >= Good reviews ... *ratemyprofessor.com* : *r/college* The concept of rate my professor was brought up in a discussion with my psychology 101 class, and I decided to look my English professor up. It turns out the teacher has a clear history of being over the top and being unnecessarily hard for a community college English 101 class. **professors : r/ucf - Reddit** Jun 12, 2022 · Tbh just use rate my professor. If you want an easy a, pay attention to the level of difficulties. If you want a good teacher, look at the overall quality
