Debbie Macomber

Living Life @ Its Best Allan G. Hedberg, 2013-11-01 Over the past 25 years of psychological research, emotional intelligence has been shown to play a crucial role in our relationships, productivity, performance, job satisfaction, and a lifestyle based on faith. Essentially, emotional intelligence is the basis of positive productivity, educational achievement, interpersonally engagement and focused faith. Emotional intelligence is associated with confidence, diligence, and self-respect. It is the foundation to calmness, flexibility, hope, and sustained attention when work place and family life crises hit and panic threatens to set in. Faith is the belief in a person much greater than oneself that is influencing the events of history and the life experiences of each individual. Personal faith is the decisive act of placing ones confidence and very life in the hands of a personal God who cares and lives within those who have placed their trust in him. He is the essence of what one would hope for and the essence of things unseen. Faith is living beyond the here and now and with a view of lifes purpose and meaning into the futureeternity. Emotional intelligence and faith intersect when a person acts in faith and trusts the living God for wisdom when confronting a real life event, problem, or situation. Such events are faced with an expectation of positive resolve because God is in it and cares about the outcome and those involved in it. It is ultimately taking on a significant event that would fail if God were not in it. Quite simply, emotional intelligence is a set of competencies that enhance a persons ability to relate positively to others in a wide variety of settings. It is being interpersonally smart and effective.

He provides writing tips and strategies from a well-published, successful author of creative nonfiction and concrete guidance on finding appropriate outlets for your work. For readers, he offers a set of criteria to assess the quality of creative nonfiction writing. Never Broken Deluxe Jewel, 2015-09-15 The deluxe eBook edition of Never Broken includes more than an hour of audio tracks and video footage, including live performances, exclusive a cappella recordings of each song featured in the book, and a rare recording of the audition that Jewel made at age fifteen for Interlochen Arts Academy. These additions, along with photographs of handwritten lyrics, personal artwork from Jewel's archives, behind-the-scenes tour footage, and more, enrich the heartfelt emotion and sense of adventure already so present in Jewel's words. New York Times bestselling poet and multi-platinum singer-songwriter Jewel explores her unconventional upbringing and extraordinary life in an inspirational memoir that covers her childhood to fame, marriage, and motherhood. When Jewel's first album, Pieces of You, topped the charts in 1995, her emotional voice and vulnerable performance were groundbreaking. Drawing comparisons to Joan Baez and Joni

Mitchell, a singer-songwriter of her kind had not emerged in decades. Now, with more than thirty million albums sold worldwide, Jewel tells the story of her life, and the lessons learned from her experience and her music. Living on a homestead in Alaska, Jewel learned to yodel at age five, and joined her parents' entertainment act, working in hotels, honky-tonks, and biker bars. Behind a strong-willed family life with an emphasis on music and artistic talent, however, there was also instability, abuse, and trauma. At age fifteen, she moved out and tasked herself with a mission: to see if she could avoid being the kind of statistic that her past indicated for her future. Soon after, she was accepted to the prestigious Interlochen Arts Academy in Michigan, and there she began writing her own songs as a means of expressing herself and documenting her journey to find happiness. Jewel was eighteen and homeless in San Diego when a radio DJ aired a bootleg version of one of her songs and it was requested into the top-ten countdown, something unheard-of for an unsigned artist. By the time she was twenty-one, her debut had gone multiplatinum. There is much more to Jewel's story, though, one complicated by family legacies, by crippling fear and insecurity, and by the extraordinary circumstances in which she managed to flourish and find happiness despite these obstacles. Along her road of self-discovery, learning to redirect her fate, Jewel has become an iconic singer and songwriter. In *Never Broken* she reflects on how she survived, and how writing songs, poetry, and prose has saved her life many times over. She writes lyrically about the natural wonders of Alaska, about pain and loss, about the healing power of motherhood, and about discovering her own identity years after the entire world had discovered the beauty of her songs.

The Scandal of Thought Gregory Loewen,2022-10-11 Philosophy/Criticism "Any institution that centers itself by reproduction is immediately suspect. Criticism, if directed at the unpolished edges of an organization, edges which either sabotage or yet defeat the institution's ability to reproduce itself, can certainly be found in abundance. But critique, authentic and reflexive, that which calls into question not merely the goals of government or like edifices but indeed their very existence, is something surpassingly rare in our day. Even so, its improbability does not necessitate our own retreat into the impossible. The human imagination is more resilient than any political force. That it is more than impolite to pursue this other course gives a validity to the 'impolitical'; at once uncouth and impolitic as it must be." (From the book's Introduction.) The author's third collection of critical essays points to the political crises of our times. His understanding of politics is more expansive than our general reaction to it. It is at once what we are, the "political animal," the being who is only what we are through the historical consciousness of what constitutes culture and humanity, as well as one who acts within that history and toward a better self-understanding of that same consciousness, often immersed in ideology and submerged in popular

consumption of both media and commodity. With titles ranging from “Mein Banff” to “Why I am not an Olympian” to “Old World Mind, New World Machine” and others, it is clear that not a single word has been minced in this very pointed, yet highly thematic set of papers, essays, editorials, as well as an interview that offers a more personal insight into the author as a thinker and a human being.
