Known as the "big fiddle," the viola serves as the middle voice because of its mid-range in the stringed instrument family, between the upper lines played by the violin and the lower lines played by the cello and double bass. The viola was formerly termed the "viola da braccio" in sixteenth ... *History of the Viola* When was the viola invented? Nobody knows for sure the history of the viola. All we know is that it is an instrument that has evolved through centuries, and it was widely believed to have first developed from ancient bow and string instruments around 1500 in Italy. However, in a recent discovery of a large set of paintings on a hidden, or built over, ceiling of the Cathedral of ... *Viola - Bloomingdale School of Music* The viola is the middle voice of the string family, sitting comfortably between the violin and cello. More specifically the viola's range is a perfect fifth below the violin's, having the same A, D, and G strings as the violin with the addition of a C string (an octave

below middle C). It has the same four strings as the cello (C, G, D, A), but is one octave higher. As the middle voice in ...
