The Write Quotes: Writing Techniques & Characters Landis Wade,2023-07-01 These inspirational and practical quotes come from 500+ podcast interviews with hard-working, award-winning, and New York Times bestselling authors in more than 33 U.S. states and five countries. In Book 5, authors share their honest reflections on Writing Techniques & Characters. These quotes reveal how writers tackle the fiction techniques of the hook, emotion, theme, conflict, humor, plot, setting, and structure, and how they approach memoir, poetry, nonfiction, and short stories. They also focus on characters, point of view, and dialogue. Authors quoted include David Baldacci, Therese Anne Fowler, Steve Berry, Lisa Jewell, John Hart, Sophie Cousens, Ron Rash, C.J. Box, Craig Johnson, Wylie Cash, Kristy Harvey, Brad Taylor, Charlie Lovett, Judy Goldman, Chris Fabry, Amber Smith, Tracy Clark, John Gilstrap, Kimmery Martin, A.J. Hartley, Clyde Edgerton, Jill McCorkle, Jason Mott, Mark de Castrique, Cathy Pickens, Gavin Edwards, and many more. Because stories have to start somewhere, and so do quote books, this book starts with the section titled, "The Hook." As author Matthew Duffus, Writing Center Director of Earlham College in Indiana, says, "We have so many options now for entertainment that we've got to be quick. We've got to hook readers and we've got to keep things moving." Simply put, as award-winning novelist Jon Buchan quips, "We don't write about the planes that land safely." But there is more to a good story than the first few lines and the first chapter. That's why this book has more sections and content than any other book in the series and why we get emotional about it. As award-winning author Randell Jones says, "A good personal story engages with real life. It has to be addressing some universal issue of the human condition, something that most readers can connect with." Author Kathleen Burkinshaw agrees when she says, "Time can pass, technology will change, but the need for human connection through emotions, that's timeless." Whatever form or genre you're writing in, these quotes have something to support your journey through the world of wordcraft.

Quote the World Forevermore AYDI the Watcher , 2022-09-19 Why do I call myself AYDI the Watcher? That's a good question. I call myself that because I observe our world and the way we interact as humans. Years and years of these observations led me to read up on Psychology, politics and human relations. I listened to many prominent psychologists and therapists to hone my ideas, and the result is this book. Now, this is not a traditional book that delves into the subject matters mentioned above, but a collection of inspiring and thought-provoking quotes fleshed out with my thoughts and feelings, these thoughts and feelings touching on human psychology and behaviour. Some of these quotes were taken from my Facebook page, The Watcher (@AYDItheWatcher) and expanded upon and new ones were added to convey my thoughts on this world that we live in and how hierarchies and human structures affect our daily lives. My goal is to get people thinking and see different perspectives, and protect themselves from harm and manipulation. I hope this goal is achieved and your minds are unlocked. The freer the minds, the better the world.

Adages Desiderius Erasmus, 1982

The Captain and "the Cannibal" James Fairhead, 2015-02-24 Sailing the uncharted waters of the Pacific in 1830, Captain Benjamin Morrell of Connecticut became the first outsider to encounter the inhabitants of a small island off New Guinea. The contact quickly turned violent, fatal cannons were fired, and Morrell abducted young Dako, a hostage so shocked by the white complexions of his kidnappers that he believed he had been captured by the dead. This gripping book unveils for the first time the strange odyssey the two men shared in ensuing years. The account is uniquely told, as much from the captive's perspective as from the American's. Upon returning to New York, Morrell exhibited Dako as a "cannibal" in wildly popular shows performed on Broadway and along the east coast. The proceeds helped fund a return voyage to the South Pacific—the captain hoping to establish trade with Dako's assistance, and Dako seizing his only chance to return home to his unmapped island. Supported by rich, newly found archives, this wide-ranging volume traces the voyage to its extraordinary ends and en route decrypts Morrell's ambiguous character, the mythic qualities of Dako's life, and the two men's infusion

into American literature—Dako inspired Melville’s Queequeg, for example. The encounters confound indigenous peoples and Americans alike as both puzzle over what it is to be truly human and alive.
