Alfred Henry Allen

Algernon Swinburne Clyde K. Hyder, 2012-09-10 The Critical Heritage gathers together a large body of critical sources on major figures in literature. Each volume presents contemporary responses to a writer's work, enabling students and researchers to read for themselves, for example, comments on early performances of Shakespeare's plays, or reactions to the first publication of Jane Austen's novels. The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion, and little published documentary material such as letters and diaries. Significant pieces of criticism from later periods are also included, in order to demonstrate the fluctuations in an author's reputation. Each volume contains an introduction to the writer's published works, a selected bibliography, and an index of works, authors and subjects. The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period (in slipcase boxes) and as individual volumes.

Scott's orchardist, or catalogue of fruits, cultivated at Merriott John Scott (of Merriott.), 1873

Food in Art Gillian Riley, 2014-10-15 From Giuseppe Arcimboldo's painting of the Holy Roman Emperor Rudolf II as a heap of fruits and vegetables to artists depicting lavish banquets for wealthy patrons, food and art are remarkably intertwined. In this richly illustrated book, Gillian Riley provides fresh insight into how the relationship between humans and food has been portrayed in art from ancient times to the Renaissance. Exploring a myriad of images including hunting scenes depicted in Egyptian Books of Hours and fruit in Roman wall paintings and mosaics, Riley argues that works of art present us with historical information about the preparation and preservation of food that written sources do not—for example, how meat, fish, cheese, and vegetables were dried, salted, and smoked, or how honey was used to conserve fruit. She also examines what these works reveal to us about how animals and plants were raised, cultivated, hunted, harvested, and traded throughout history. Looking at the many connections between food, myth, and religion, she surveys an array of artworks to answer questions such as whether the Golden Apples of the Hesperides were in fact apples or instead quinces or oranges. She also tries to understand whether our perception of fruit in Christian art is skewed by their symbolic meaning. With 170 color images of fine art, illuminated manuscripts, mosaics, frescoes, stained glass, and funerary monuments, *Food in Art* is an aesthetically pleasing and highly readable book for art buffs and foodies alike.

The Ethnographic I Carolyn Ellis,2004-01-13 A methodological textbook on autoethnography should be easily distinguishable from the standard methods text. Carolyn Ellis, the leading proponent of these methods, does not disappoint. She weaves both methodological advice and her own personal stories into an intriguing narrative about a fictional graduate course she instructs. In it, you learn about her students and their projects and understand the wide array of topics and strategies that fall under the label autoethnography. Through Ellis's interactions with her students, you are given useful strategies for conducting a study, including the need for introspection, the struggles of the budding ethnographic writer, the practical problems in explaining results of this method to outsiders, and the moral and ethical issues that get raised in this intimate form of research. Anyone who has taken or taught a course on ethnography will recognize these issues and appreciate Ellis's humanistic, personal, and literary approach toward incorporating them into her work. A methods text or a novel? The Ethnographic 'I' answers yes to both.

Independence Day Richard Ford,2012-06-04 Frank Bascombe, in the aftermath of his divorce and the ruin of his career, has entered an 'Existence Period' - selling real estate in New Jersey and mastering the high-wire act of normalcy. But over one Fourth of July weekend, Frank is called into sudden, bewildering engagement with life. Independence Day is a moving, peerlessly funny odyssey through America and through the layered consciousness of one of its most compelling literary incarnations, conducted by a novelist of extraordinary empathy and perception.

My Man Walter J.S. Cook,2016-02-01 Billionaire inventor Chase Gordon has just turned forty—and everything in his ordered little world is going to hell in an Hermès bag. His acerbic English butler Juliet Lavish has decided to retire. The humanitarian church founded by his late parents has suddenly gone broke. In Honduras. In the middle of the jungle. Lastly, NYPD detective Brian Schrader wants to use Chase's palatial mansion to hide Walter Godfrey, a newspaper reporter who might know something about a recent rash of mob-related business deals. Part of the deal is the conniving, misanthropic Alec Pratt, son of a local newspaper mogul and unapologetic police informant who just might have a teensy-weensy crush on Brian Schrader. But Walter isn't safe, not at Chase's residence or anywhere else. His too-frequent forays into the city—against Brian Schrader's advice—make him a target, and his strong attraction to Chase Gordon is setting him up for some serious heartbreak. When Chase goes to Honduras to investigate the state of his family's failing fortunes, there's more trouble: Chase has been set up for kidnapping.
